Samt alle nævnte styrelser, offentlige myndigheder, og institutioner heraf nævner jeg Nationalbanken og ledelsen, Finanstilsynet og ledelsen, Finansministeriet og ministeren, domstolsstyrelsen og ledelse, Justitsministeriet og ministeren, Erhvervsministeriet og ministeren, politiet og politimesteren Rigspolitiet.

Jeg har skrevet til jer mange gange.

Og til dato har ingen af jer ville svare på en eneste af mine henvendelser, ingen af jer har ønske at svare eller indgå i dialog med mig, omkring de mange strafbare handlinger jeg beskylder Jyske Bank A/S og ledelsen, for sammen med en række ansatte at stå bag.

Jeres tavshed indikerer mere at vi har tale om en skandale, og det med mange medvirkende som har tilsigesat deres opgaver, jeg er ikke klar over om i selv som politikere og embedsmænd, selv har en whistleblower ordning, og hvis ja om der er nogle som har brugt den.

Hvis jeg ikke har ret i det skriver, skal jeg anmode om at i svare, hvis der altså er nogle af jer som ikke er enige i mine anklager mod Jyske Bank A/S

De af jer som eventuelt måtte være uenige i det jeg skriver omkring, at Jyske Bank A/S har lavet organiseret kriminalitet, efter ordbogen, og lovens forklaringer, bedes svare og skrive personligt til mig, på banknyt@gmail.com eller til min private mail Carsten.storbjerg@gmail.com

Jeres svar vil indgå i min bog, og eventuelle ikke svar vil blive registeret som at i er enige, men jeg beder jer alle samme om og tage en debat i folketinget og der stemme for om alle politikerne fortsat vil dække over Jyske Banks mange strafbare handlinger, eller om i lave en haste lov er undtager Danske banker fra at skulle overholde Dansk lov.

Vil i som modtager denne her mail, medvirke til at dække danske bankers lovovertrædelser, og samtidig være med til at undergrave Danskernes retssikkerhed.

Eller.

Vil i handle på de oplysninger i har modtaget til dato, i kunne starte med at se beviserne som jeg overbragte til folketinget 1 maj 2019, altså før jeg vidste at Lundgrens der var advokater på sagen mod Jyske Bank A/S, allerede i foråret 2018. var blevet købt og betalt af Jyske Bank A/S for at Lundgrens advokater ikke måtte fremlægge nogle af vore anklager mod Jyske Bank A/S

Jeg vil mene at de af jer som fortsat ignorerer mine henvendelser, og som ved passivet stadig dækker over Jyske Banks forbrydelser vil være at betegne som medvirkende, hvilket i opfordres til at undersøge, og svare mig om i bliver medvirkende til Jyske Banks bedrageri, ved at dække over bankens forbrydelser, og ved at modarbejde retfærdighed.

Jeres svar, vil senere indgå helt eller delvis i min bog om korruption, kammerateri om bestikkelse i Danmark, min bog handler ikke længere kun om Jyske Bank, men om magtens Centrum ”folketinget” og om i vil dække over Jyske Banks forbrydelser.

Forbrydelser som involverer at Jyske Bank A/S har bestukket Lundgrens advokater til ikke at fremlægge klientens sag mod Jyske Bank A/S.

Og at blandt andet Højesteretsdommer Kurt Rasmussen har medvirket til at dække over de korrupte Lundgrens advokater, og at også byretsdommer Søren Ejdum i Byretten har udeladt de vidners forklaringer som skader Jyske Banks fremlæggelse i civilretten, med henvisning til den klagen der er afleveret til den særlige klageret, samt at dommer Søren Ejdum ikke har tage med i sin afvisning af sagen, at Jyske Bank har brugt svig, været i ond tro, lavet falsk, og fået Jyske Banks kunde i en forvildelse.

Hvis Jyske Bank ikke selv lukker denne sag, og ved en dom bliver frikendt, vil Danske Banker fremadrettet kunne lyve alt det de vil, og vil straffrit kunne lave dokumentfalsk samt svig, og bringe deres kunder i en forvildelse uden det vil have nogle konsekvenser, hvorfor aftaleloven skal skrives om, og § paragrafer som 30, 31, 30, 36, kan fjernes helt eller delvist.

§ 30. En viljeserklæring er ikke bindende for afgiveren, hvis den, til hvem erklæringen er afgivet, har fremkaldt den ved svig eller har indset eller burdet indse, at den var fremkaldt ved svig fra tredjemands side.

***Stk. 2.* Har den, til hvem erklæringen er afgivet, svigagtigt givet urigtige oplysninger om omstændigheder, som kan antages at være af betydning for erklæringen, eller gjort sig skyldig i svigagtig fortielse af sådanne omstændigheder, anses erklæringen for at være fremkaldt ved den således udviste svig, medmindre det gøres antageligt, at denne ikke har indvirket på erklæringen.**

§ 31. Har nogen udnyttet en andens betydelige økonomiske eller personlige vanskeligheder, manglende indsigt, letsind eller et bestående afhængighedsforhold til at opnå eller betinge en ydelse, der står i væsentligt misforhold til modydelsen, eller som der ikke skal ydes vederlag for, er den, der således er udnyttet, ikke bundet ved den af ham afgivne viljeserklæring.

Stk. 2. **Det samme gælder, hvis tredjemand har gjort sig skyldig i et sådant forhold som omtalt i stk. 1 og den, til hvem viljeserklæringen er afgivet, indså eller burde indse dette.**

§ 33. Selv om en viljeserklæring ellers måtte anses for gyldig, kan den, til hvem erklæringen er afgivet, dog ikke påberåbe sig den, når det på grund af omstændigheder, som forelå, da erklæringen kom til hans kundskab, og hvorom han må antages at have været vidende, ville stride imod almindelig hæderlighed, om han gjorde den gældende.

§ 36. En aftale kan ændres eller tilsidesættes helt eller delvis, hvis det vil være urimeligt eller i strid med redelig handlemåde

Det som jeg skriver vil jeg tydeliggøre i min fremlæggelse, i det materiale jeg vil overbringe til statsministeriet, og give en fremlægning af, som jeg har skrevet i tidligere breve. "mails"

Jeg skal oplyse igen at jeg siden maj 2016, har forsøgt at komme i dialog med Jyske Bank og deres direktion, for en fredelig løsning Jyske Bank ønskede ikke at tale med mig, og har muligvis lavet en aftale med rødstenen advokater om ikke at fremlægge som den blev ændret til, og så at Rødstenen bag min ryg forsøgte at hæve sagen mod Jyske Bank A/S med påstand at det var aftalt, med henvisning til en telefonsamtale, denne samtale der er henvist til er både blevet optaget og gemt, og beviser blot at Rødstenen advokater løj.

Hvilket er delt som dokumentation i klagen over Lundgrens advokater og Dan Terkildsen her i LINK.

http://banknyt.dk/05-06-2020-appendix-list-to-the-complaint-against-lundgrens-lawyers-for-being-bribed-not-to-submit-their-clients-claims-against-the-jyske-bank-group/

Jyske Bank har ikke selv ville løse denne konflikt, og valgte i stedet at bestikke vore tidligere Lundgrens advokater til ikke at fremlægge sagen mod Jyske Bank, samtids med at Lundgrens tilbageholder og skjuler sagsmaterialer, som processkrifter, og retsbøger for at skuffe i retsforhold, hvilket bliver opdaget, hvorfor sagen vokser betydeligt i omfang.

Vi forsøger alle her på Søvej 5. 3100 Hornbæk at få Jyske Bank i tale men det er ikke lykkes, og jeg venter ikke da Jyske Bank lever at af at trække tiden ud, for slippe af sted med bedrageri.

Det er naturligvis de danske politikere og nationalbanken sammen med finanstilsynet som bærer ansvaret, for om i vil medvirke til at Jyske Bank må lave bedrageri, dokumentfalsk, bruge bestikkelse og samtidig fungere som bank for den danske stat.

DET ER JERES BESLUTNING.

Jeg kan blot skrive i min bog, hvordan de danske politikere som nævnt sammen med myndighederne arbejder, for at sikker den retfærdighed folketinget mener er bedst den Danske befolkning, når Danske Banker som her hvor Jyske Bank A/S laver bedrageri, som det faktuelt er fremlagt her, med dokumentation.

Her er en smule delvis dokumentation, men det som jeg ønsker at fremlægge til Statsministeriet, bliver fremlagt i tidslinje, med henvisning til overtrædelser af straffeloven bestemmelser, der hvor Jyske Bank er i ond tro, og ved brugen af dokumentfalsk laver bedrageri.

http://banknyt.dk/wp-content/uploads/2022/08/15-maj-2022.-Her-er-beviser-for-at-Jyske-Bank-lyver-med-bilag-er-ikke-faerdig..docx

http://banknyt.dk/wp-content/uploads/2021/03/Bevis-for-Jyske-Bank-AS-overtraeder-tinglysningsloven-fundmagtsloven-imod-instruks-laver-vanhjemmel-af-privatkunde..pdf

og med henvisning til de bilag og mail der er sendt samt overbragt til folketinget, bør 179 politikere, som laver lovene ikke være i tvivl, for hvornår Jyske Bank bliver en kriminel organisation.

Jeg stiller op når som helst og hvor som helst, og vil gerne gennemgå mine beviser sammenholdt med de love i som politikere har vedtaget, og det jeg beskylder Jyske Banks A/S og deres ledelse for at have ansvar for ikke er blevet rettet op.

Med Venlig Hilsen

Now the question is whether the Danish state as a whole will still stand together and continue to cover up Jyske Bank's crimes, since the Danish State and Danish institutions themselves use the criminal Jyske Bank as a Bank for the Danish State.

And that the Danish state itself undermines the law, which does not apply to Denmark's banks.

From the page www.banknyt.dk banking news Denmark about Dansk Bank's use of Bribery, use of Document falsification, use of Mandate fraud, Use of Fraud, Use of Exploitation, Use of deception and about more.

The President of the European Central Bank Christine Madeleine Odette Lagarde has been informed, that a Danish citizen has requested Denmark's national bank by bank directors Lars Rohde, Signe Krogstrup and Per Callesen for a meeting, where he can hand over the full documentation for Jyske Bank's organized crime. The customer wants to know if the National Bank and the Danish State by Prime Minister Mette Frederiksen still choose to continue cover Jyske Bank's many crimes, as using fraud, document forgery and bribery.

Do you want to work for the Danish Criminal Bank, and contribute to organizing crime as the bank at least by Nicolai Hansen, Jeanett Kofoed-Hansen, Anette Kirkeby, Casper Dam Olsen, Morten Ulrik Gade, Philip Baruch and more, all have assisted Jyske Bank with, then contact Jyske Bank here +4589898989. Here at Banknyt you can read more about the extensive and organized crime, that the second largest DANISH BANK JYSKE BANK is behind, such as Bribery, FRAUD, DOCUMENT FALSE, ABUSE of the forfeited POWER OF ATTORNEY. Which the authorities, including the National Board of Justice's employees such as Supreme Court Judge Kurt Rasmussen by camaraderie, have covered. I mention Lundgrens, Lund Elmer Sandager, Kromann Reumert, Horten and DLA Piper's lawyers, as an employee partner at Comradeship or Corruption

has actually helped Jyske Bank with organized fraud. Here at Banknyt you can read more about organized crime in Denmark, where judges such as Kurt Rasmussen and large international law firms such as Lundgren's lawyers and the Danish government are contributing to Danish banks' fraud against customers can continue.

Welcome. Denmark infiltrated by corrupt judges and lawyers who together with the authorities cover up criminal Danish Banks.

A single Dane, Carsten Storbjerg, has gone to war against corruption in Denmark. But Carsten asks for your help, as camaraderie in Denmark has so much power, that Danish law and order is put out of force, when not a single Danish journalist has written about the problem that Danish banks use corruption. Then I will ask you as foreign journalists, to conduct an investigation into corruption in Denmark, preformed by the Danish Bank Jyske Bank.

It is unhealthy for the Danish government that the state allows banks to commit crime, and covers it.

Jyske Bank did not want to answer, so I am writing again.

These 4 from Jyske Bank A/S could have avoided my attacks on Jyske Bank's reputation, they just had to ensure dialogue, Jyske Bank's management does not want that, that is why I am writing here.

Hos de korrupte Lundgrens advokater, finder du den konservative advokat Dan Terkildsen, som ofte er partiets ordstyrer på den konservative generalforsamling.

Dan Terkildsen der reelt for Lundgrens advokater har hjulpet Jyske Bank med bedrageri mod deres fælles kunde, hvilket Lundgrens advokater stadig arbejder for, da Lundgrens har stævnet kunden for at få i alt 232.000 dkk. dette for ikke at at have fremlagt nogle af kundens påstande mod, og for at skjule at Lundgrens har fået millioner af Jyske Bank, og for at Lundgrens så skjulte flere processkrifter for klienten, ikke kun Jyske Banks processkrifter men også et processkrift som

Lundgrens selv fremlagde for retten, på vegne af klienten mod Jyske Bank.

Det står klart at klienten ikke måtte vide hvad Lundgrens lavede.

Det er Faktum at Lundgrens har lavet 5 siders processkrifter hvilket klienten ikke måtte få til godkendelse, hvilket Lundgrens vil have 232.000 danske kroner for, dette gør Lundgrens for at hjælpe Jyske Bank med at underminer klientens økonomi og kundens muligheder for økonomisk at kunne betale en anden advokat, for at fremlægge de svig og falsk som ond tro anklager mod Jyske Bank A/S, som kunden tidligere ansatte Lundgrens til, altså før Jyske Bank formentlig ved Philip Baruch og Anders Christian Dam valgte at ansætte, købe eller bare bestikke Lundgrens til ikke at fremlægge kundens anklager mod Jyske Bank A/S

Det er også Faktum og det sidste processkrift ville Lundgrens advokater slet ikke udlevere til klienten, hvilket Højesteretsdommer Kurt Rasmussen som har sit daglige embede i Vestre landsret, hvor sagen mod Jyske Bank skal behandles, Dommer Kurt Rasmussen har vedtaget sammen med topadvokater fra Horten og Kromann Reumert at Lundgrens ikke har overtrådt god advokatskik, og advokat samfundets formand Martin Lavesen fra DLA Piper Advokater vil ikke have at offentligheden får kendskab til denne afgørelse.

Jeg Carsten Storbjerg Skaarup har gennem længere tid, beskyldt advokatnævnet ved Højesteretsdommer Kurt Rasmussen, fra domstolsstyrelsen og advokater som Birgitte Frølund fra Horten Advokater. / Jens Steen Jensen fra Kromann Reumert Advokater. / Jurist Rikke Skadhauge Seerup Krogsgaard fra Forbrugerklagenævnet. / Henrik Hyltoft fra Dansk erhverv. Og også formand Martin Lavesen fra DLA Piper Advokater for reelt at hjælpe Jyske Bank med organiseret bedrager, dette er udført ved at dække over at Lundgrens har overtrådt god advokatskik, Advokatnævnet og advokatnævnets formand højesteretsdommer Kurt Rasmussen vil ikke svare, og vil ikke gøre advokatnævnets afgørelse offentlig, da den ikke må bruges af andre advokater.

At advokat nævnet ved dommer Kurt Rasmussen kan afgøre, at det er god advokatskik eller ihvertfald ikke nogle nogle overtrædelse af god advokatskik, når et advokatfirma som Lundgrens advokater tilbageholder og skjuler flere processkrifter overfor klienten, samtidig med at andre advokater i Lundgrens har taget mod en stor million opgave for den sagsøgte Jyske Bank A/S

Dette er hvad jeg kalder for kammerateri og korruption, der har infiltreret de Danske domstole, hvilket er grunden til der er klaget over dommer Søren Ejdum til

den særlige klageret, formoder at kammerateri blandt dommerne i Højesteret nok skal holde hånden over, at Dommer Søren Ejdom har fjernet / undladt vidneforklaringer der er Jyske Bank i mod.

Mens jeg samler materiale til min bog om korruption i Danmark, hvor jeg vil skrive om det kammerateri blandt også dommere, som er underminerende for et retssamfund, når statslige myndigheder modarbejder retfærdighed, og reelt dækker over den kriminalitet som Jyske Bank A/S beviseligt står bag.

Jeg skriver det igen. HVIS IKKE JYSKE BANK A/S Har OVERTRÅDT NOGLE LOVE ELLER REGLER, så har i da stadig lov til at kontakte politiet, og der anmelde mig for injurier og bagvaskelse mod Jyske Bank A/S.

Sagen blot vokser, og der skal ske fyringer, hvem har hjulpet Jyske Bank A/S med bedrageri, det vil jeg gerne skrive og alle der har modtaget en mail, og er nævnt vil kunne være en del af handlingen.

Hvis nogle af jer ikke mener det jeg skriver er sandt, så ring straks til mig, så vi kan få rettet eventuelle fejl.

Når Lundgrens advokater i stedet for at fremlægge klientens svig og falsk sag mod Jyske Bank A/S, vælger at tilbageholder flere processkrifter for klienten, og den fælles kunde til Jyske Bank, hvilket Dan Terkildsen, Mette Marie Nielsen og Emil Hald Veldelbo Winstrøm ved at maniplulere klienten der ikke opdager at Jyske Bank har bestukket Lundgrens til at modarbejde klienten.

Det står helt klart at Dan Terkildsen og Lundgrens advokater arbejder for Jyske Banks interesser, Lundgrens advokater bliver ved at hjælpe Jyske Bank med at holde kunden ude af den sag kunden har ansat Lundgrens til at føre mod Jyske Bank, og Lundgrens er derfor reelt medvirkende til det Bedrageri som Jyske Bank udsætter den fælles kunde for.

Et bedrageri som flere af Domstolsstyrelsens ansatte reelt hjælper Jyske Banks med, dette sker ved at mindst Højesteretsdommer Kurt Rasmussen, der til dagligt

Landsretsdommer i Venstre Landsret. og Byretsdommer Søren Ejdum Viborg Byret. hverken Justitsministeret, domstolsstolsstyrelsen, advokat samfundet eller folketinget har ikke reageret på henvendelser, om korruption og kammerateri i de danske Domstole, selv om det er undergravende virksomhed for et retssamfund.

Var det kammerateri og og er det derfor den tidligere Justitsminister Søren Pape Poulsen, ikke ville svare på nogle breve til hverken Justitsministeriet, eller til det konservative Folkeparti, ingen har nogensinde ville tale med mig eller svare direkte på mine henvendelser, samtidig med de Danske myndigheder helt åbenlyst dækker over de banker der nægter at overholde loven.

Jeg skriver det her klart og tydeligt, den Danske regering og myndigheder, som finanstilsynet, nationalbanken, statsministeret, domstolsstyrelsen, Justitsministeret og flere til, hellere hjælpe Jyske Bank med at slippe god fra orgniceret bedrageri, end at at opretholde retssikkerhed og sørger for retfærdighed i Danmark, det er en ting.

Men i kan ikke tie mig ihjel, og hvis i har noget i vil have jeg skal rette et eller andet, eller hvis i gerne vil have med i min bog om de den kriminelle Jyske Bank og hvordan korruption og kammerateri styrer Danmark, så skal i Bare ringe til mig, aftale et møde, så skal jeg nok komme, jeg er kun interesseret i at skrive sandheden

Jeg venter stadig på at nationalbanken Danmark og ststaministeret ved Statsminister Mette Frederiksen kommer med en dato hvor vi kan mødes, og hvis i ikke vil svare min anmodning, og ikke vil mødes med mig, må jeg skrive rekommanderet som post, og vil i heller ikke besvare min henvendelse der, vil i får overbragt dokumentation for Jyske Banks kriminalitet i bogform, hvilket i så må reagere på, i hvert fald hvis ikke i skal risikere at være medvirkende til Jyske Banks forbrydelser, ved at i ved passivitet bare vælger at dække over bankens forbrydelser.

Se lidt at de dokumenter jeg har sendt tidligre til de konservative tidligere Justitsminister Søren Pape Poulsen, som ikke ville svare mine henvendelser, i mellemtiden, vokser det som en stor skandale, og ingen vil sige noget.

The picture is from before 2019. when the client in Lundgrens knew nothing about, that Jyske Bank A/S had already bribed Lundgren's lawyers in 2018 not to present the client's fraud and false allegations against Jyske Bank A/S.

So when Lundgren's lawyers and their many contributing employees concealed the fact that Jyske Bank A/S had actually bribed Lundgren's lawyers to oppose the client, it was hardly intended that the client should discover that their Lundgren's lawyers were corrupt, Which the Bar Council chaired by Supreme Court Judge Kurt Rasmussen is instrumental in covering up, and by letter 03-09-2021. writes that they will therefore not answer or publish the complaint 05-06-2020. and what the judges and partners in Horten lawyers, as well as Kromann Reumert lawyers did not think, and do not find it was a violation of good lawyer

practice. That is why we talk about corruption.

The client who was misled by Partner Dan Terkildsen.

And was misled by Lawyer **Mette Marie Nielsen** as **today is employed by Danske Bank A/S**.
Holmens Kanal 2-12, 1092 København K.
?
You can ask **Maj Stefan Singh Kailay, Helga Heyn, Morten Herrup Poulsen and more**, why Danish Bank hired Mette Marie Nielsen.
When on banknyt.dk Danske Bank could find information with a single Google search that Mette Marie Nielsen has been instrumental in opposing his client's case against Jyske Bank A/S was not presented to the court.

And also was misled by Lawyer **Emil Hald Vendelbo Winstrøm** as **today is employed by Rambøll A/S** Hannemanns Allé 53. DK-2300 København S.
You can ask **Maj Westh Johansen and Jesper Fabricius**, why Rambøll hired Emil Hald. when on banknyt.dk Rambøll could find information with a single Google search that Emil Hald Wendelbo has been instrumental in opposing his client's case was presented to the court.
Rambøll is a leading international architect, engineering and consulting company.

The former employees of Lundgrens, who all by knowingly and in bad faith manipulated the client's claims, and let the client believe that Lundgrens worked for the client against Jyske Bank A/S.**Therefore the complaint 05-06-2020**. where the bar council chooses to **cover up the corruption among Danish lawyers, and show that there are also corrupt judges in Denmark.**

While Lundgrens hid, that Lundgrens received millions from Jyske Bank A/S hidden as return commission.

The corrupt judges like supreme court judge **Kurt Rasmussen in the Danish Judicial Agency**, are the reason why the little man in Denmark can never get justice, when **organized crimes is committed by Danish banks.**

Who like Jyske Bank A/S choose to use document forgery.
And that Jyske Bank abuse power of attorney.
As well as use bribery, to get away with the bank's organized crimes such as fraud and false.

Which is carried out jointly, and with several employees starting with **Nicolai Hansen Jyske Bank business**, **Jeanett Koefoed-Hansen**, and with help from **Casper Dam Olsen Jyske Bank business**, **Anette Kirkeby Jyske Bank business**. Lars Aaquest. who is currently employed and works for Danske bank A/S.
With help also of Jyske Bank's lawyers as **Morten Ulrik Gade**, including **Philip Baruch** from Lund Elmer Sandager lawyers, who also work for **Denmarks Nationalbank, to ensure that the law is complied.**

At management level, Jyske Bank has contributed to the bank's fraud all the way up to CEO Ander Christian Dam.

It is about **an offer of DKK 4,328,000 from 20-05-2008.** with **validity until 20-11-2008**. for which

it was mandatory for Jyske Bank to make and start an interest rate swap to.
Even if **Jyske Bank knew that there was no loan**.
It was so imperative for Jyske Bank that the bank by Jeanett Kofoed-Hansen have committed falsification of documents and, among other things, was instrumental in Jyske Bank A/S committing mandate fraud.

Attachments were prepared at the request of Nicolai Hansen Jyske Bank, **for any loan 10-07-1008. and has lapsed and otherwise been discarded on 20-11-2008. then to be abused in April. 2009**. **COPY. Annex. Y. Z. Æ. Ø. Å. AB. AC. AD. AE. AG. AH. AJ. and Annex 7. Dokuments**. / See. **Annex 7**. - **Annex Z**. - **Annex 171**. - **Annex Å**. - **Annex AE**.

Annex K. 19-05-2009 page 1. and **Annex K. Page 2**. - **Please note the date on Annex K. page 2** presented by LES. **Annex K. was submitted to the court on 10-09-2015**. as if it had been made on 10-07-2008, **which is a falsified document and lying to the court**.
And see that the entered amount DKK 4,300.00 is from an offer **Annex AG Read Page 1**. **Page 3**. and **Page 4**. with date. 06-05-2009. this is clearly a case of document forgery, and that Lund Elmer Sandager lawyers have presented false evidence to the court.

Annex AC. Mortgage to loan 4.328.000 dkk. from 10-07-2008. **Page 1**. **Page 2**. **Page 6**. and **Page 7**. which expired together with the offer 20-11-2008, **Which Jeanett Kofoed-Hansen in bad faith, 15-04-2009. signs, and then abuses Jyske Bank's access to the land registry,** and registers a debt that does not exist, Jyske Bank becomes 06-05-2009. informed that the mortgage has been canceled and lapsed.
Which Jyske Bank instigates as their plan is clearly to defraud the customer for around DKK 2,500,000 in interest on the DKK 4,328,000 loan. As Jyske Bank decides to lie is recorded and then rescheduled.

Even if Jyske Bank knew that there was no loan, Jyske Bank wanted to keep the customer in a state of confusion, which was quite easy after Jyske Bank A/S took advantage of the customer in November 2009 to suffer a brain haemorrhage.

Jyske Bank continued to lie in bad faith in order to keep the customer confused, in order to continue fraud.

Read the mail 01-02-2010. Nicolai Hansen.
and
Read the mail 09-01-2012. Casper Dan Olsen. and by Nicoilai Hansen.

The customer must not discover that Jyske Bank is lying, and has exposed the customer to fraud, **it is why Jyske Bank 18.06-2013. sends the customer for settlement at the green butcher** Birgit Buch Thuesen. **read the mail 19-08-2013.** **your properties must be forcibly sold**.

First 10/18/2016. does the customer succeed in finding out, that the loan 4.328.000 dkk as Jyske Bank A/S by lawyer Morten Ulrik Gade in 2013 / 2014 has lied to the bank appeal board, was taken home. as an underlying loan for an interest rate swap.
and as Lund Elmer Sandager at Philip Baruch in 2015. in front of the court, has allegedly taken possession,

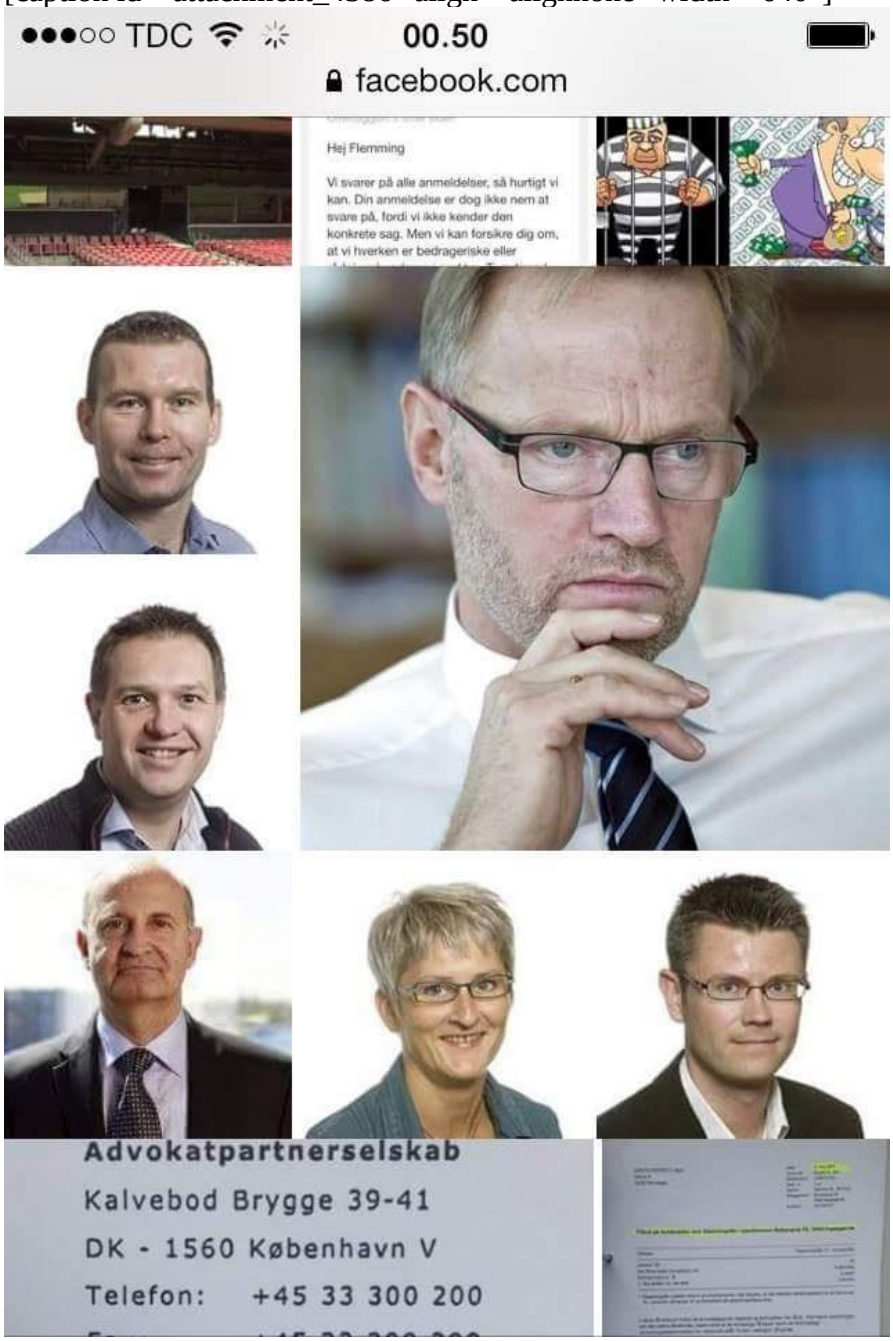
The customer discovers first on 18-10-2016. that was a lie. i.e. there has never been any underlying loan.

It is CEO Anders Dam who has proven and dishonestly refused to inform the customer, that the customer has never borrowed the DKK 4,328,000 that Jyske Bank A/S has claimed was both taken home and then rescheduled.
Anders Christian Dam is therefore directly involved in complicity in economic crime against Jyske Bank's own customer.

I know I cannot win over the criminal Jyske Bank, when the Danish state, through authorities such as the Financial Supervisory Authority together with the government and several judges, cover up Jyske Bank's organized fraud, that is why I have written to the European central bank that Denmark has a problem with banks that, like Jyske Bank, use tipping, and that the Danish authorities accept this.

The fact that I know the judge Kurt Rasmussen, who has covered up that Jyske Bank has bribed Lundgrens, will probably be a contributing judge, just confirms that Nicolai corruption has a good grip on the Danish judges as well.[/caption]

[caption id="attachment_4386" align="alignnone" width="640"]



Here are a couple of those who have helped Jyske Bank A/S with organized fraud, and the Danish authorities are covering it up.[/caption]

I want to point out that Denmark has a big problem with corruption, I have misunderstood something so please correct me.

And to the politicians, officials and employees in the authorities who have helped to confirm that this is a scandal that has not been seen before, thank you for the information, I am writing this to give Jyske Bank A/S and the authorities the opportunity to correct the ship up, and remember the Titanic couldn't sink either.

I want dialogue and conversation, which you all refuse to answer.

Is it a criminal offense for the Danish state to cover up a criminal Danish bank's, or is it completely normal in Denmark.[/caption]

This here is about members of the Danish authorities, and also the Danish Courts Authority with positions as judges of the Supreme Court helping to undermine Danes' legal certainty, when Danish banks like Jyske Bank A/S are behind obvious crime.

And IT is a problem for legal certainty, that Jyske Bank A/S would like to bribe the customer's lawyers "Lundgren's." To oppose the case against Jyske Bank A/S is presented.

[caption id="attachment_11303" align="alignnone" width="540"]

Lundgren's lawyers are corrupt, as Lundgrens accepted a bribe from Jyske Bank A/S not to present a client's fraud and false case against Jyske Bank A/S. Lundgren's lawyers who have chosen together with Jyske Bank A/S to undermine the client's and Jyske Bank's customer's finances, in order to prevent the customer from having the financial opportunity to conduct a fraudulent case against the criminal Jyske Bank A/S Employees such as Supreme Court judge Kurt Rasmussen also help with this, the Danish Courts Agency is responsible to the Ministry of Justice, which has submitted that Denmark also has a problem with corruption in the Danish Courts Agency's employees.[/caption]

The Supreme Court judge Kurt Rasmussen, who is one of those who has adopted:
That it is not a violation of good lawyer practice, as Lundgren's lawyers would not give the client a copy of the pleading 2. which Lundgren's lawyers themselves had presented to the court in the case against Jyske Bank.

Judge Kurt Rasmussen didn't think it was not the client interest, knowing what Lundgren's lawyers presented in the trial against Jyske Bank A/S, and actually wrote in his rejection of the complaint against Lundgren's lawyers.

That the client did not know what Lundgren's lawyers presented in the case against Jyske Bank A/S, Kurt Rasmussen Supreme Court judge Kurt Rasmussen thought this was good lawyer practice

Like Judge Kurt Rasmussen did not think, that the client needs to knew, what Jyske Bank A/S would answer in the pleadings in the case.

Judge Kurt Rasmussen has decided that Jyske Bank's customer had to trust that Lundgren's lawyers, who were the customer's lawyers, did what Lundgren's lawyers thought was best for the client, at the same time that Jyske Bank A/S paid Lundgren millions in return commission to prevent, the client's claims against Jyske Bank A/S was presented to the court.

And that was after Jyske Bank A/S bribed Lundgren's lawyers not to present the client's fraud and false allegations against Jyske Bank.

Mail 6 August to the European Central Bank.

La présidente de la Banque centrale européenne, Christine Madeleine Odette Lagarde, a été informée qu'un citoyen danois a demandé à la banque nationale du Danemark, par les directeurs de banque Lars Rohde, Signe Krogstrup et Per Callesen, une réunion au cours de laquelle il pourra remettre la documentation complète de Jyske Bank. crime organisé. Le client veut savoir si la Banque nationale et l'État danois par le Premier ministre Mette Frederiksen choisissent toujours de continuer à couvrir les nombreux crimes de Jyske Bank, comme l'utilisation de la fraude, la falsification de documents et la corruption.

How does the European Central Bank respond to information, that the Danish state and the government have politically, together with Denmark's Narionalbank, opposed and covered up for years, that Denmark's second largest bank, Jyske Bank A/S is behind organized crime against the bank's customers, by using fraud,

forgery and bribery in some of the bank's
Jyske Bank's business methods.

Carsten Storbjerg who himself has been in charge of the investigation into Jyske Bank's criminal actions, which the Danish State through the National Police and the Financial Supervisory Authority has opposed was investigated.

Therefore the victim alone has had to fight against the criminal Jyske bank, and also be responsible for the investigation, as both the police, the Financial Supervisory Authority and other authorities, as well as the government have refused to help the victim of Jyske Bank's criminality.

Since all Danish authorities have resisted or refused to talk to the victim of Jyske Bank A/S crimes.

And at the same time the authorities have refused to investigate Jyske Bank, and have also refused to rule on some of the crimes that the victim has presented to the Danish authorities.

And in this way it shows, that in Denmark the Danish state covers criminal banks, so it is only natural to involve the ECB. The European Central Bank, for their stance on banks that demonstrably commit organized fraud, and use bribes to avoid the customer being presented with their claims.

It is a scandal for Denmark, and if the Danske Nationalbank does not stop covering up Jyske Bank's crimes and acts on the information the bank has received, the Danish state will have to start removing a lot of laws, as Jyske Bank obviously sets

the agenda for about Fraud, Document forgery, Bribery, Mandate fraud, and much more is actually allowed, or is it just the victim Carsten Storbjerg who does not understand the laws, that obviously do not apply when Danish banks expose their customers to fraud.

Jyske Bank's crimes that Carsten Storbjerg cannot understand the Danish state, the the Danish Nationalbank, the Financial Supervisory Authority, the Government, and even Danish judges, where several of whom themselves cover up Jyske Bank's crimes.

It makes sense to write my book about the corruption in Denmark, around the fact that the Danish state is clearly covering up the criminal Danish Bank's, but right now, I just want to present my evidence of Jyske Bank's criminal actions to the National Bank, and afterwards I want to request the Danish Prime Minister for a similar meeting.

Because it is not reasonable that the victims of Danish banks' criminal offenses have no legal certainty in Denmark.

In this way the Danish authorities violate the legal security of the Danes, when the Danish banks deceive their customers,, and the Danish politicians together with the authorities passively cover up these crimes.

The reason for Carstens Storbjerg has made a request to Denmarks Nationalbank director Lars Rohde, is to hand over and present to the

National Bank documentation that Jyske Bank is criminal.

You can find links to these emails further down the page.

Is simply to give Denmarks Nationalbank the opportunity to act, and so that Denmarks Nationalbank's management can no longer hide behind passivity, and thus be instrumental in covering up, that Jyske Bank is committing serious crimes, which should cause the Danish State and Danmarks Nationalbank to act on the information they receive.

First I Carsten Storbjerg wants to have a meeting with Danmarks Nationalbank's director Lars Rohde, and then the Prime Minister Mette Frederiksen, ther will receive a similar request.

If both the Danish Nationalbank, and Prime Minister Mette Frederiksen still interfere with my inquiries, I will start a formal complaint against the Danish State to the European Court of Human Rights.

Where I intend to sue the Danish state to cover up the Criminal Jyske Bank, which has exposed both me and my smal company to several crimes, and in that way opposed the law, and opposed the legal security of the citizen who is exposed to the crimes of a Danish bank, no company can survive that.

The fact that Jyske Bank has still not run their victim bankrupt, many wonder, since that is Jyske Bank's way of working, but Jyske Bank A/S can never stop me from telling how Jyske Bank really is of bad faith and lies to make the most money, and why the Danish State should immediately stop covering up Jyske Bank's crimes, and cease cooperation and the use of Jyske Bank, as a bank for the Danish state.

Jyske Bank can laugh as much as they want, but can only say you must stop exposing customers to your shenanigans, and request the Danish state and authorities as well as the National Bank of Denmark to stop covering up Jyske Bank.

[caption id="attachment_1793" align="aligncenter" width="215"]
Jyske Bank A/S is probably laughing at their customers, together with Lund Elmer Sandager lawyers who have lied to the court for Jyske Bank A/S themselves, to cover up that Jyske Banks is committing fraud. And the fact that Lund Elmer Sandager himself works for the National Bank makes it safe to try to cover up this scandal. But no one should laugh, it's too stupid, because at some point you will meet a victim who is not so easy to kill.[/caption]

Is Jyske Bank A/S about to close?

After all, state protection cannot last forever. When Jyske Bank A/S actually cheats the law.

🗣️ 😱 ✍️

I know that I am up against powerful forces, all of whom have to date covered up Jyske Bank's crime, which has become an attack on law and order.

But even if you as authorities stick together against me, who as the weak one just wants to end the corruption and abuse of power that governs Denmark.

Until today 7 August 2022. still not a single one has taken my call for a debate on TV. for whether I am right that Jyske Bank A/S due to the bank's many and actionable violations of the law should be deprived of the right to operate a bank in Denmark, or as a minium that the Danish Financial Supervisory Authority places Jyske Bank under increased supervision, up to the entire board of directors and management of Jyske Bank A/S can be replaced.

Jyske Bank closes and shuts down after the bank's extensive criminality was discovered and presented 04-08-2022. to Denmarks Nationalbank Director Lars Rohde.
This is how it should be when banks like Jyske Banks A/S with CEO Anders Dam are behind organized fraud, carried out in the association.

And we get an answer to whether Danmarks Nationalbank, wants to distance itself from Jyske Bank's many criminal offenses.

CEO Anders Christian Dam Jyske Bank, I am writing here 8 August 2022 to the director of Danmarks Nationalbank and have shared letters with the European bank, because you have refused dialogue and the Danish state is covering up the financial crime that Jyske Bank A/S is demonstrably guilty of behind, in the letter I intend to sue the Danish state before the European Court of Human Rights, as the Danish state is covering up Jyske Bank's crime, which means it goes beyond the Danes' legal certainty.

And one thing you must know, I am not afraid of a criminal organization, and am looking for you to be fired along with the rest of the group's entire board, for complicity in organized crime and bribery.

Here in the link you can read a word copy of the letter 08-08-2022. to bank director Lars Rohde.

And the Nationalbank can consider whether Jyske Bank A/S is a bank for the Danish state, or about Jyske Bank A/S has a future as bank in Denmark.

Denmarks Nationalbank's management is thus given a unique opportunity to show that the bank will not participate in Jyske Bank's fraud against Danish bank customers.

And you even have the chance of a 20% bonus on top of the DKK 54,000 promised in prizes, for disproving the first 9 charges against Jyske Bank A/S in connection with the use of fraud, forgery, exploitation, bribery and much more.

À propos du crime organisé et de l'utilisation de la corruption et de l'abus de pouvoir pour aider les banques criminelles au Danemark.

Dear everyone who reads here in my diary, I'm dyslexic but I write as well as I can, if there's something you don't understand, ask Carsten.

If you want to know more about the corruption and bribery that Danish banks use.

Crimes committed by large Danish companies, such as Jyske Bank A/S, which the National Bank of Denmark, the Government and the Danish authorities.

Such as the Financial Supervisory Authority and the Ministry of Justice, are complicit in by covering up these crimes, where the evidence has been presented to the Danish state, and the government as to Prime Minister Mette Frederiksen, who all behave passively.

In Denmark corruption and abuse of power, govern how the Danish authorities cover up organized economic crime, but the fact that the criminal Jyske Bank has refused to speak to the victim of Jyske Bank's fraud has only grown the scandal, and the Danish state is

about to become an accomplice to Jyske Bank criminal business methods.

My letters and email to the Danish state and government, are for the authorities, including the State Ministry, the Ministry of Justice, the Danish Financial Supervisory Authority and not least the National Bank, to have the opportunity to speak out.

Either the Danish state and the government together with the other authorities choose to cover up Jyske Bank's crime.

Or the Danish state acts on the evidence, and places Jyske Bank A/S under increased supervision and initiates an impartial investigation of the evidence.

3 August 2022. press release, 13.34. Danish citizen here again asks the Danish state and authorities, government and the National Bank of Denmark what will you do with corruption in Denmark.

Printer friendly copy of email to the government and the National Bank of Denmark sent time. 13.34. and 16.21.

🙈🐵🙉🤐🤫

Today, August 1, I have requested the Financial Supervisory Authority of the National Bank of Denmark for a meeting regarding Jyske Bank's fraud and a review of my evidence for my claims, and announced that I am writing a book about corruption in Denmark, and I would like to sell it to the company has the case against Jyske Bank A/S

🗣️🤜🏛️🤛🗣️

On July 31, I posted a new video on YouTube for Jyske Bank, because does Jyske Bank have the right to conduct financial business in Denmark, or should Jyske Bank be deprived of the right to conduct banking business in Denmark, following the bank's extensive crime against the bank's customers.

Here is a recording from inside Jyske Bank, and more evidence that Jyske Bank's employees consistently lie.

When the bank's employees on the question. IS IT TRUE WHAT IS WRITTEN ON THE CAR.

And the employee answers evasively, and several times says that the case, the case that is not mentioned on the car, has been lost in the high court, and the case has not even been scheduled for main hearing. But when the Jyske Bank employee says WE TAKE THE CAR AS A JOKE.

http://banknyt.dk/wp-content/uploads/2022/07/1655917675395_1655915806421__var_mobile_Containers_Data_Application_4CFF51B6-64EA-4C13-80C6-3572A8A180A1_Documents_jyske-bank-gl.-kongevej.mp3

Carsten has asked Jyske Bank's management whether they agree that Jyske Bank takes the car as a JOKE.

Jyske bank has not responded.

Neither the Danish government, nor some politicians, the National Bank of Denmark or their board of directors, nor the Danish Financial Supervisory Authority or its Board, such as the State Ministry, the Ministry of Finance, the Ministry of Business, the Ministry of Justice.

NOT A SINGLE ONE HAS ANSWERED A SINGLE INQUIRY ABOUT WHAT THEY WANT TO DO WITH THEIR KNOWLEDGE OF JYSKE BANKS' USE OF ORGANIZED CRIME.

Carsten invites you to a competition, if you can disprove what is said about Jyske Bank's organized crime, can you win up to DKK 54,000. competition that started last month has not found any winners, but it is also impossible to dispute the truth, but try. VIDEO YouTube.

One of the new advertising signs for the car that Jyske Bank takes as a JOKE. MP3. An audio file where Carsten invites you to make an attempt to disprove that Jyske bank are criminals, I'm already saying now, it's incredibly difficult.
Is this here for Jyske Bank still just a joke, or are you getting the seriousness of it.
Jyske Bank may lose their license to conduct banking business in Denmark, due to the use of fraud, forgery, bribery and much more.
DO YOU JYSKE BANK EMPLOYEES STILL THINK IT'S JUST A JOKE, Here in the recording, the Jyske Bank employee lies several times and says to us it's just a JOKE. [/caption]

I have been informed that I cannot do anything about Jyske Bank's crime, as the bank is protected by the Danish government and the state, perhaps right.

But I may well scratch the credibility of Jyske Bank, as the bank lies and deceives, and no one can deny that.

Therefore I have 25-07-2022. at 16.45. sent this addressed email to the National Bank of Denmark.

And to Jyske Bank, as I think you need to talk together about how a bank should be run, for Jyske Bank clearly needs help, and CEO Anders Dam and Jyske Bank do not want to talk to me.

Unfortunately, the Danish National Bank once again chooses not to respond to a concerned citizen who is afraid that Denmark is corruptly ruled, and the concerned citizen once again 28-07-2022. sends the Danske National Bank an email.

You can print it out as a PDF file, or just follow the LINK to the shared email. 28-07-2022. at 12.20 p.m.

It is quite possible that I cannot touch the criminal Jyske bank.

But now I want to know whether the Danmarks Nationalbank, together with the Danish Financial Supervisory Authority and the Danish government, are really involved in and cover up the crime that I have presented that Jyske Bank A/S and several others in association are behind.

Or whether Danmarks Nationalbank and the bank's board will act on the information that has been accessed by Danmarks Nationalbank continuously in recent years.

Read here the email I sent on 28-07-2022. time 12.20. have sent to the board of representatives and the board of Danmarks Nationalbank, the email has been shared with the Danish authorities and the police.

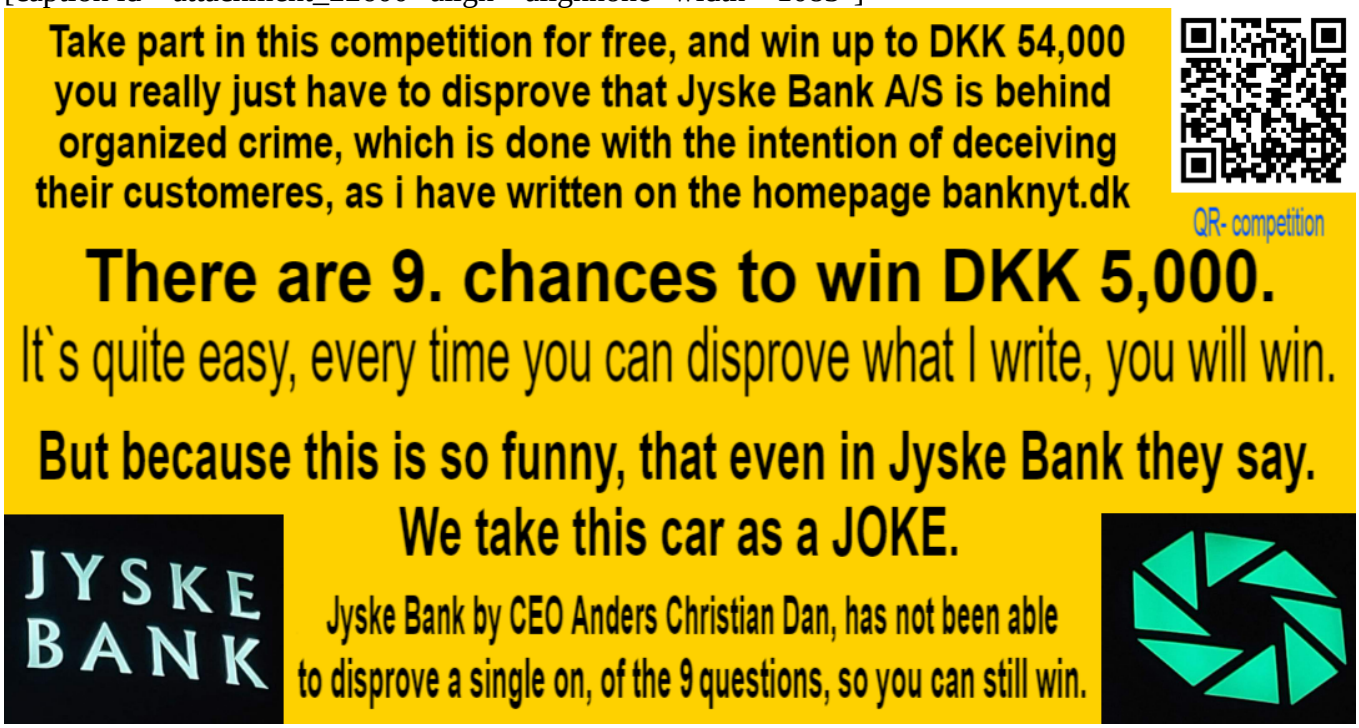
It is not possible to write to Danmarks Nationalbank's whistleblower scheme, which is supposed to be a confidential and independent channel, since it is Lund Elmer Sandager lawyers who are responsible for this service, and I have presented documentation that Lund Elmer sandager lawyers themselves indirectly contributed to Jyske Bank's crime.

Knowing, for example, that Lund Elmer Sandager lawyers have repeatedly lied to the court to help Jyske Bank hide the bank's fraud.

As well as that Lund Elmer Sandager lawyers has tried to hide Jyske Bank's use of document forgery and bill manipulation and probably has a contributing role in Jyske Bank bribing Lundgren's lawyers not to present a minor client's fraud and false case against Jyske Bank A/S

I want to know if Nationalbanken Danmark covers criminal Danske Banks, or if Danmarks Nationalbank and thus the Danish state distances itself from the Danish banks which, like Jyske Bank A/S, repeatedly violate several laws and regulations.

[caption id="attachment_22600" align="alignnone" width="1083"]



New advertisement for the Jyske bank car.[/caption]

[Read what I shared in this mail from this homepage to the Denmark's Nationalbank 24-07-2022. time. 15.11](#).

Since the Danish Financial Supervisory Authority is covering up Jyske Bank's crimes, and on top of that, has allowed Jyske Bank A/S to buy the Swedish Handelsbanken, it only makes the Danish financial scandal grow, and

when the Danish State and government, do not themselves want to stop the corruption in Denmark.

Problemet er bare at Finanstilsynet dækker over bankers brug, af kriminelle og strafbare forbrydelser, Vi taler om JYSKE BANK A/S. / Picture is a loan from the National Bank of Denmark[/caption]

Then it is obviously only me who wants to write, and share evidence and information about Jyske Bank's fraud, and that it is a problem.

I don't care that a judge probably will cover up the criminal Danish bank, and maybe will laugh and say, then you must stop going to war with a bank.

My task is to draw attention to the corruption in Denmark and how difficult it is for the small citizen in a corrupt country to fight against a criminal bank.

But you must know that I give a damn, :-) This is about banks have to comply with all laws and regulations, regardless of whether it has been politically decided that banks in Denmark must not be investigated or punished for the blatant crime, that Jyske Bank exposes their customers like me to.

If I don't speak up, and request help to make a difference.

Then the corruption in Denmark will continue.

Who will help me, I have all the evidence that would put the head of any other company in jail.

But not Jyske Bank those the Danish authorities cover, and if not.

So start an investigation NOW

This email of 23 July 17.53. to Denmark's Nationalbank is a direct call to ensure that the Nationalbank's control, the Danish Financial Supervisory Authority, initiates and investigates the evidence that has been presented and shared about Jyske Bank and the bank's use of criminal activities.

It is Denmark's Nationalbank that is ultimately fully responsible, and the The Danish Financial Supervisory Authority, due to corruption will not investigate a bank's crimes, in order to counteract LAW and ORDER, and in that way, when banks like Jyske Bank A/S are actually committing fraud against their business customers.

Remember that conversation gives understanding if I have misunderstood something, but let's meet and talk together, I will gladly bring my evidence to document what I write.

The problem is CEO Anders Christian Dam and he must step down before he damages Denmark's reputation.

It is Danmarks Nationalbank which has the highest responsibility for ensuring that Jyske Bank A/S does not commit punishable offences.

And this regardless of the fact that Denmark's Nationalbank has assigned the Financial Supervisory Authority to this task.

If Denmark's Nationalbank can't not see that it is a problem, that Jyske Bank A/S has a banking license, and has not been put under strict supervision.

[caption id="attachment_17507" align="aligncenter" width="300"]

Jyske Bank never believed that the bank's fraud would be discovered, but the bank's criminal gang of members forgot an important detail, and that was that the customer who was seen as an easy victim, as he was critically ill survived and has taken up the gamp against criminal banks.[/caption]

Then they can only be because Denmark is deeply corrupt.

Now you can all think again about what Denmark's Nationalbank wants to do about it.

[caption id="attachment_22564" align="aligncenter" width="300"]

Denmark has brought itself into an extensive scandal. **Because the Danish state and the government and the State Ministry, and also Denmark's Nationalbank allow Danish banks Jyske bank to commit organized crimes**. kilde foto Danmarks Nationalbank.[/caption]

Regarding the problem I am writing to you about again, regarding Jyske Bank's many punishable offences.

As long as Jyske Bank has not been subjected to investigations / investigations of my claims and evidence, then no one should say that Jyske Bank A/S is not behind extensive criminality.

Denmark's Nationalbank can choose to sweep this problem under the carpet.

And then Denmark's Nationalbank together with the Danish Financial Supervisory Authority, can counteract Law and Justice, by blocking the mining of many pieces of evidence against Jyske Bank, for the use of crime.

Whether it is exploitation, forgery, bribery, fraud, abuse of the bank's access to land registration rights and more.

This is, as the Denmark's Nationalbank itself says a SCANDAL.

And when the problem with this criminal Jyske Bank A/S lies with Denmark's Nationalbank.

Then you, and the Danish politicians, which is part of Denmark's Nationalbank board of directors, you can choose not to answer me, and make sure that you all continue to cover up Jyske Bank's crimes, or we can say or call it business methods.

Jyske Bank A/S and their managing director Anders Christian Dam have since May 2016 been able to correct when I first wrote to Jyske Bank's management.

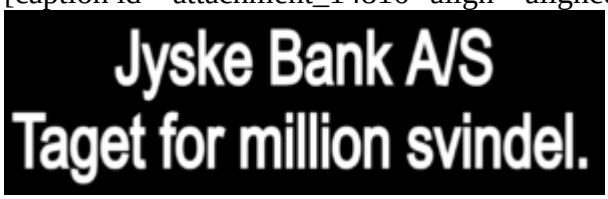
I think I am the victim of a huge fraud, in order to correct it.

I have had instead to fight against an organization, that does not hesitate to use bribes to beat the small customer to the ground.

Is it in this way that Denmark's Nationalbank wants the Danske Banker to run their banks.

This is a request to the Danish Nationalbank to ensure order among Danish banks, and ensure that Danish banks also complies with the law and does not commit punishable crimes.

[caption id="attachment_14816" align="aligncenter" width="300"]



Jyske Bank can just bring a case against me for slander if Anders Dam has clean flour in the bag and dares, but we are dealing with a cowardly manager who hides behind lawyers who themselves present false information to the courts.[/caption]

I urge Denmark's Nationalbank not to close their eyes to what I write.

And therefore I request that Denmark's Nationalbank initiates, or arranges to initiate, an investigation into the claims I have presented, and which I have shared on www.banknyt.dk

Then it is Denmark's Nationalbank which is responsible for Jyske Bank, as a bank criminal, being able to continue banking in Denmark.

And some have to write about this problem with criminal Danish banks, and the corruption that is harmful to the Danish country.

And so it becomes me, And I will continue writing until Jyske Bank A/S by their CEO Anders Christian Dam himself, calls me on +4522227713, to arrange a meeting so we can talk about what I write.

It is no longer a secret, that Denmark is corrupt.

But how bad is it.

That is why I, Carsten Storbjerg Skaarup, am writing to Denmark's Nationalbank.

Because if this Danish state bank is also helping the danish government to cover up the corruption, that Jyske Bank has paid Lundgren's lawyers not to present my case against the Jyske Bank, then Denmark's Nationalbank entire board again will stick their heads in the bush.

Read the email 23-07-2022. time. 17.53 which is shared here.

If the Danish state, the government and the Denmark's Nationalbank also ignore this emails, and competition, which is really about Jyske Bank's suitability to have permission to operate a bank in Denmark, then it must be due to internal agreements to cover up the crime Jyske Bank A/S is demonstrably behind.

Of which other governments must of course be informed, about the corruption that governs Denmark, so if there are some who want to ask questions, if it is not time for you to call me on +4522227713. and begins to take about this seriously

problem for Jyske Bank, and now also for Denmark, which as a nation covers organized crime, carried out by Denmark's second largest bank, Jyske Bank, and it is a problem that the Danish state itself participates and helps to undermine legal certainty, just to help criminal Danish banks.

While Denmark is probably facing the biggest business scandal in this millennium.

Jyske Bank is not only fighting to get away with fraud and forgery and bribery, but also to survive as a bank in Denmark, Read here the email 22-07-2022. to the Danish state.

August 3 at 6 p.m press Release.

I have again today 20 July written to Jyske Bank and their many assistants, also to the Danish authorities.

I want a constructive solution so that these campaigns can stop, and be enclosed.

A copy of the letter to the press, and copy of the mail, can be read here, at the same time the. LINK. Will be. PRESS RELEASE.

About corruption in Denmark as I write, until the release.

August 3. at 6 p.m press Release.

If you would like a copy of the new emails to the Danish state and government together with the Danish Financial Supervisory Authority and the State Ministry as well as Jyske Bank and

their many assistants, write here to banknyt@gmail.com and write that you want to be kept up to date and informed about the organized crime that the Danish state covers.

I believe that Jyske Bank will damage Denmark's reputation if CEO Anders Christian Dam still refuses to answer and talk to me, says Carsten Storbjerg to BANKING NEWS.

If I have made a mistake that Jyske Bank does not run an organization that commits financial crime and uses fraud, documents false, uses bribes, and lies in court to cover up Jyske Bank's fraud.

Who in the world dares to take a confrontation and talk to me.

I only want Jyske Bank to be deprived of their license to conduct financial business in Denmark if I am right in what I write and have shared with the Danish state and government.

Which I say by inaction covers Jyske Bank's business methods, why law and order as well as justice do not exist in Denmark when corruption is a subversive activity against the rule of law in Denmark.

Is there not a single Danish politician or authority that wants to put an end to corruption in Denmark.

Mail 17-07-2022. Dear Jyske Bank A/S and CEO Anders Christian Dam, and The Danish state and the government.

Jyske Bank has major problems, and you may risk losing your license to run a banking business in Denmark, and then the board uses such meager forces to avoid me, when it is now me who becomes Jyske Bank problem, if Jyske Bank does not resolve our conflict, Call me Anders Dam before the press starts writing about Jyske Bank committing fraud and forgery.

Jyske Bank I say the bank Jyske Bank, that there is the reason for the scandal.

Jyske Bank A/S I say to the bank Jyske Bank, that ther is a reason for the scandal.

And Jyske Bank Just say, We take it as a JOKE, which to me is incomprehensible as Jyske Bank risks being closed, and Jyske Bank's shareholders will lose a lot of money.

Mail 16 and 17-07-2022. Information on the possibilities of corruption in Denmark, which has been carried out by subversive activities by counteracting law and justice in Denmark, for the citizens.

Call the police if it is not true what is written on the car.[/caption]

I try again, Jyske Bank still thought the bank that this is just a joke, and now do not say. The police have something else to do, when your customers ask why Jyske Bank does not do anything about my continued campaigns.

Mail 16-07-2022. to the European Court for information on the possibilities of corruption in Denmark, which has been carried out by subversive activities by counteracting law and

justice in Denmark, for the citizens, for information, Shared in direct message.

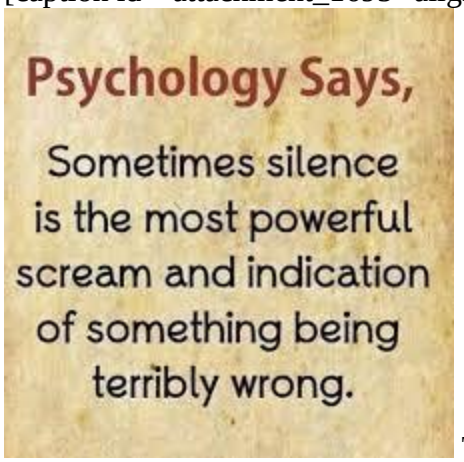
The danish bank, Jyske Bank by CEO Anders Christian Dam has repeatedly been offered, that the deceived customer in Jyske Bank removes notices about the organized crime, that Jyske Bank started by Nicolai Hansen and Jeanett Kofoed-Hansen, but the Group Management does not care, as long as the Danish government covers Jyske Bank's continued crimes, and Anders Dam refuses to talk with the victim of Jyske Bank's organized fraud.

It is Jyske Bank that has chosen this match, to show other customers that they should not think they have a chance for justice, once Jyske Bank exposes their customers to fraud.

Odd Jyske Bank uses the unequal balance of power to eradicate their victims.

I just want to enter into dialogue, and Jyske Banks' silence is not conversation and understanding.

[caption id="attachment_1695" align="aligncenter" width="225"]



The Danish state and government together with the Danish Financial Supervisory Authority and Jyske Bank by Anders Christian Dam say nothing, and it still says everything.
In the competition, Jyske Bank's car promises prizes for NOW up to DKK 45,000 - 54,000. If you think you can disprove that Jyske Bank is behind extensive fraud, carried out in conjunction with the help of several employees of Jyske Bank. CLICK HERE.

A single Dane, Carsten Storbjerg, has gone to war against corruption in Denmark. But Carsten asks for your help, as camaraderie in Denmark has so much power, that Danish law and order is put out of force.[/caption]

Jyske Bank has major problems, and the management and CEO Anders Christian Dam are personally the reason for postings like this. I just want to talk to someone in Jyske Bank about the bank's problems.

I make it very clear that I will not stop writing articles about the fraud that Jyske Bank exposes their customers to, without having been in dialogue with the management.

Customer says to the Management of Jyske Bank, hopes it is worth all the money to expose us customers to organized fraud.

Your indifference to my campaigns only damages Jyske Bank's credibility well into the fifties, and whoever says that the Danish state will continue to cover up the crime that Jyske Bank is behind, do you really believe that this is a joke, when you tell your customers and shareholders in Jysk Bank about it.

That is why these problems in Jyske Bank have only grown and grown.

Here I give Jyske Bank the opportunity to talk with me, and then Anders Christian Dam could ask me nicely, if I would stop exposing Jyske Bank to my writings and teasing.

I would like to stop my attacks on Jyske Bank's credibility. But only if Jyske Bank and their CEO and management want it, which requires dialogue.

Anders Christian Dam you can call me on +4522227713.

And then ask me if I want to stop teasing Jyske Bank as you might get bored.

[caption id="attachment_5112" align="aligncenter" width="200"] **If there are any in Jyske Bank who want to claim that I am committing a criminal act against Jyske Bank, then come to me.**

And stop going behind my back when Jyske Bank's lawyers accuse me of committing criminal

acts.

Jyske Bank must speak if the bank has something they are dissatisfied with, or perhaps want something corrected.

And IF you only want to talk ugly about me to others, and you think that I expose Jyske Bank to something criminal.
Then Jyske Bank has 2 options.

1. Talk to Carsten and get the problem solved.

2. Go to the police and make a police report against me Carsten Storbjerg Skaarup.

The choice lies with Jyske Bank's group management, and with CEO Anders Christian Dam who is personally responsible.[/caption]

I have written to the Danish state and authorities and Jyske Bank on 13 July about the corruption and camaraderie that undermines Danish society, which the authorities can no longer ignore, and Jyske Bank must be placed under stricter supervision or Jyske Bank must be completely deprived of the right to operate banking in Denmark.

It is possible that I can not stop the corruption that the Danish judiciary itself helps to cover up, which, however, can not prevent me from writing about problems, as it affects all Danes' legal security, as Carsten Storbjerg points out that Denmark is not a rule of law, when the Danish authorities themselves cover the violations of many banks' criminal law, and counteract justice in Denmark.

Read the email 13 July 2022. which is directed to English here in the LINK.

[caption id="attachment_21364" align="aligncenter" width="300"]

Yes, Jyske Bank probably sees me as a little fly, but do not underestimate me, even though I have no bookish education, and spell and write horribly.

So remember Anders Dam, you can just talk to me, and we will solve this problem together.
I only have one weapon and that is my keyboard, and I am tireless and keep typing, Jyske Bank.
This problem is created by Jyske Bank itself, so take it and solve it, and try diplomacy and talk to me, I am a nice guy, but I go in the flesh of those who cheat and deceive.

Jyske Bank you have the chance to correct, and I will stop bothering Jyske Bank.[/caption]

To the PRESS 09-07-2022. the Danish state and the government.

As well as Jyske Bank A/S CEO Anders Dam.

Read the email here in the link.

A single Dane, Carsten Storbjerg, has gone to war against corruption in Denmark. But Carsten asks for your help, as camaraderie in Denmark has so much power, that Danish law and order is put out of force, when not a single Danish journalist has written about the problem that Danish banks use corruption. Then I will ask you as foreign journalists, to conduct an investigation into corruption in Denmark.

It is unhealthy for the Danish government that the state allows banks to commit crime, and covers it.

I know that there are many Danes, who can not understand what I write about the corrupt Danish lawyers, and criminal Danish banks, which the Danish government and authorities and members of the Judicial Service cover, and that is why I ask all the journalists who do not want cover over the corrupt denmark, will you investigate what I'm writing about it crime, that i have presented evidence for, and then write some articles that everyone can understand.

If the Danish state and government do not stop Jyske Bank now, the bank will be a ticking bomb under Danish society.

This case is bigger than the Danish state can hide, and I will not allow corruption to rule Denmark as a nation.

Always remember to include the unknown factor when you as a bank commit organized fraud, here you have encountered one of these.

Den lille og korte forklaring 10-07-2022. til Reddit bruger der ikke forstod Jyske banks bilens formål er, og hvad der her på siden står, Jyske bank bilen og siden her er med til at fremme kendskabet til den korruption der styrer danmark, her finder du de processkrifter som beskriver den kriminalitet som Jyske bank udsætter kunder for.

[caption id="attachment_22152" align="alignnone" width="405"]

When several authorities in Denmark cover the crime that Jyske Bank is demonstrably behind.
Then it is not just a problem of legal certainty.
It is probably Denmark's biggest scandal in history, which only one man Carsten Storbjerg alone has investigated, and at the same time had to fight against the corrupt Lundgren's lawyers, whom Jyske Bank paid Lundgrens there, did everything to lose the case against Jyske Bank.
It is no longer so much about that case, but more and more about Denmark being ruled by corruption and camaraderie.
Why else do you think all the authorities **and Jyske Bank and their lawyers are trying to kill Carsten Storbjerg** with silence and contemporary cover over the crime Jyske Bank is behind.[/caption]

Denmark's biggest scandal ever, without a doubt must be.

That the Danish Financial Supervisory Authority, which has provided watertight evidence that Jyske Bank AS is behind extensive crime.

Although all the members of the Danish Financial Supervisory Authority are aware that Jyske Bank has committed a string of criminal offenses.

Has the Danish Financial Supervisory Authority chosen to approve Jyske Bank's acquisition of Svenske Handelsbanken's Danish branches.

This is a scandal which makes the Mink case with the Danish Prime Minister Mette Frederiksen seem small.

[caption id="attachment_20410" align="aligncenter" width="300"]

This Jyske Bank car has become a regular advertisement, and a warning against Jyske Bank A/S.[/caption]

When the fact is that Jyske Bank does not comply with current legislation to run a tanker business in Denmark.

The official Denmark with the Government ignores and continues to cover the crime that the authorities have presented that Jyske Bank is proven to be behind.

If there is just one person in Jyske Bank, or in the Danish authorities, or in the Ministry of Justice or in the National Board of Justice, who thinks they can disprove what I say and write.

So participate in the competition, and try to disprove that Jyske Bank is a criminal organization that has committed fraud, which has been carried out by several employees together.

And you can not If you have a problem, Jyske Bank must be under stricter supervision, or deprived of the right to conduct financial business in Denmark.

You all know that I would rather spend my time photographing, and that the Danish state itself should clean up

the Danish criminal banks, which, like Jyske Bank, expose customers to fraud.

But remember now, it is you Jyske Bank, who chose to cheat and deceive, and then it is Jyske Bank and the Danish authorities which are covertly.

And the way Jyske Bank is running a bank, must at some point end wrong, and then Jyske Bank will close, while Denmark as a whole state stands alone with a scandal of unprecedented magnitude.

A comprehensive scandal that should overthrow the government that will not launch an investigation against Jyske Bank, after what I have since 1 May. 2019 has written to all the Danish politicians, of which not a single one has answered.

In other words, the Danish politicians do not care about the law when it is broken by

Denmark's largest companies, such as here by Jyske Bank.

I'm sorry to say to Jyske Bank and your friends, you have chosen the only one you should not choose to deceive.

I give a damn who you are, this convoluted and corrupt society you should not get away with, and maybe the Danish press is not allowed to write about corruption in Denmark.

But what about the foreign TV stations and newspapers?

The Danish press is apparently not allowed to write about the punishable crimes that can close a bank like Jyske Banks, the state censorship in Denmark.

But I continue to write, because at some point there probably will be a foreign newspaper that sees this, and is not afraid to write about the little man's fight against a corrupt nation.

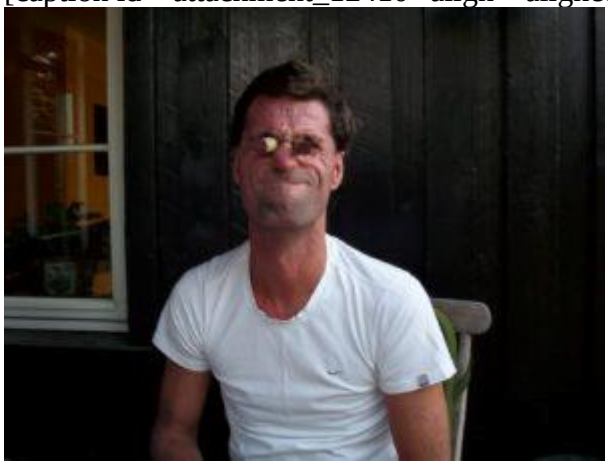
And I am happy to answer questions from the press.

Until now not a single one in Denmark. Will ask me questions for my investigation of the extensive and organized corruption, and camaraderie in Denmark, including Jyske Bank use of criminal crime.

Plise ask me any questions, to what I have presented of evidence and allegations against Jyske Bank, Lundgrens, Lund Elmer Sandager and the Bar Council.

I ask all of you journalists, if you want to ask the questions, that neither the Danish government, nor others in the Danish state, nor which some in Jyske Bank's management and their many lawyers will answer.

[caption id="attachment_12410" align="aligncenter" width="300"]



[/caption]

CEO Anders Dam, do you dare take up my challenge and meet me face to face in a TV duel about Jyske Bank's business methods, or are you a chicken.

CEO Anders Dam you know you can call me on +4522227713 and ask me nicely to stop teasing Jyske Bank, and write like here, or you can continue to hide behind your comrades, and colleagues there like Denmark national bank, keep quiet about this ever-growing scandal, which you Anders Christian Dam and the management of Jyske Bank are to blame for.

[caption id="attachment_17061" align="aligncenter" width="300"]

Dårlig omtale er bedre end ingen omtale. Jyske Bank Anders Dam. "**Simon Spis.**"[/caption]

It is possible I am dyslexic, and bad at making myself linguistically understandable, as well as the fact that I do not have any bookish education, but probably I'm just a little electrician, but I'm actually good at troubleshooting, and this here investigation is done after the same principles, joints and you have to find the fault here, however, it turns out to be very very large, and I believe that Jyske Bank is doing either a nationally or socially harmful company, who has dared to examine my evidence.

IS IT ME WHO HAS MISUSED SOMETHING.

OR DENMARK IS A ROTTEN 🐀 AND CORRUPT SOCIETY, GOVERNED BY FRIEND SERVICES FAR UP IN THE DANISH COURTS.

Tell me how you thought even it goes with your rather organized scam.

Due to the case with Jyske Bank and their bribery of Lundgrens, we also have a case with the corrupt Lundgrens

who want DKK 232,000 to oppose the case against Jyske Bank that was not presented to the court.

At least these from Lundgren's, "Mette Marie Nielsen Danish bank" "Emil Hald Rambøll / Ramboll" have objected NOT to presenting Jyske Bank's use of fraud and falsehood, and that it was done in bad faith, while Jyske Bank has paid Lundgren's millions in bribery hidden as return commission.

Lundgrens fremlægger 02-09-2019. kl. 22.00 kun 2 timer før hovedforhandling slutter klagers bilag, uden at medfremlægge klagers anbringer. Klager tror ikke på man kan føre en sag alene på beviser uden at fremlægge sags påstande.
Klager påstår dette er en bevidst handling fra Dan Terkildsen, for at skade klientens sag, enkelt for bevidst at ville tabe sagen, når Ondtro og brug af svig ikke er fremlagt.

Lundgren fremlægger sammen med dette processkrift 2. den 2 september 2019. **bilag 164. i dette bilag er klientens påstande klare og tydelige**. Men da Lundgrens arbejder for modparten Jyske Bank og har aftalt ikke at fremlægge klientens påstande, og bilaget her ikke Processuelt har betydning, da påstande ikke er fremlagt, viser det med tydlighed at Jyske Bank har bestukket Lundgren til at modarbejde fremlæggelsen af klientens påstande og anbringer. **Hvilken klagen 05-06-2020. tydligt viser**, men når korruption styrer Danmark findes der ikke retfærdighed. for den lille.[/caption]

8. Interessekonflikter

8.1 Lundgrens kontrollerer straks efter modtagelsen af et opdrag – og inden arbejdet med dette iværksættes – om Lundgrens' engagement giver anledning til interessekonflikter, der afskærer Lundgrens fra at repræsentere klienten i relation til det pågældende opdrag. Relevante forhold drøftes med klienten, inden sagsbehandlingen påbegyndes.

Da vi ansatte Lundgrens, skete det ved **mail 30 januar 2018**, og mail samt brev og **udlevering af dokumenter 5 febuar 2018**. Lundgrens lader sig først derefter ansætte af Jyske Bank, til en sag der giver Lundgrens mellem 15 og 20 millioner kroner i honorar, jeg kalder det returkommission og bestikkelse for ikke at fremlægge vores sag mod Jyske Bank, og i stedet forsøgte Lundgrens at tabe sagen, ved at tilbageholde klientens anbringender, og holde klienten ude af sagen, skjule processkrifter for klienten. og så videre.
DETTE ER GOD ADVOKAT SKIK, Må det udledes af ansatte i domstolsstyrelsen, Kromann Reumert, Hjorten, DLA Piper, Dansk Erhverv, der har stærke forbindelser til Jyske Bank.
At klage over korrupte advokater, der er sammen med andre tilsyneladende stærke forbindelser er en håbløs kamp, en lille dansker kan ikke stoppe den korruption og det kammerateri som styrer Danmark, og beskytter de største virksomheder.

Men det værste var at Lundgrens advokat Mette Marie Nielsen "i dag ansat Danske Bank." sagde til mig. **AT VI MÅTTE STOLE PÅ LUNDGRENS**. HØR KOPI **OPTAGELSE 14-12-2018**. og **18-12-2018**., og her læs **AFSKRIFT AF OPTAGELSE**. **14-12-2018**. og **18-12-2018**. Hvilket er efter at Jyske Bank har bestukket Lundgrens advokater.
Derfor fremlægger Lundgrens aldrig klientens anbringner og påstande, **som her er fremlagt 02-09-2019. men dog kun som bilag 164.**
Hvilket **processkrift 2. som Lundgrens fremlagde 02-09-2019**. og ikke efterfølgende ville udlevere en kopi af til klienten, da også tydligt understøtter at **Lundgrens advokater er korrupte.**[/caption]

Appendix 138. Bilag 138. 05-09-2019. kl. 15.14 Ønsker at se Processkrift 2 Dan Terkildsen svarer ikke. Dan skriver istedet kl. 15.20 vi har brug for at drøfte strategien.

In addition to the employee judge in the National Board of Justice, partner from both Kromann Reumert lawyers, and partner in Horten lawyers, and employees in Danish industry, and in the Consumer Complaints Board completely all are agree, it is not a violation of good legal practice to withhold several lawsuits, both own lawsuits, but it is also not a violation of good legal practice nor the litigation of the other party. to the lawyer's client.

At the same time, the legal community at Advokat Martin Lavesen, partner in DLA Piper lawyers, denies that this complaint and decision must be made public, others do not know, and certainly not the Danish population.

It is the power and the kind of corruption and camaraderie I am up against, therefore I write in English, as Denmark is a corrupt society that will cover how the power elite decides whether the law should apply, all depending on who has broken the law .

If this is not corruption and camaraderie that should counteract law and order and not least counteract justice in Denmark when banks like Jyske Bank pay lawyers like Jyske Bank bribes, to keep the client out of the case, and a joint board of lawyers covers this corruption, This indicates that the Bar Council itself is part of the corrupt environment that governs Denmark.

Hvad vil Jyske Bank A/S og Anders Dam se den grimme ælling, eller den smukke svane.[/caption]

If you, based on the fact that Lundgrens was hired 30 January 2018. to present a case where there are several aspects of FRAUD, can see that Lundgrens has presented something with this word.

See pleading 2. 2 September. 2019. one of several pleadings that Lundgren detained, and would not hand over to their client, even though the client on 5 September requests a copy, of pleading 2.

Dan Terkildsen from the corrupt Lundgrens law firm chooses not to respond.

Here is what Lundgren's lawyers presented, and it in no way corresponds to what I ask Lundgren's to present, but I also do not know that Lundgren's has been paid not to present my allegations against Jyske Bank, therefore the complaint of 05-06-2020. as everyone in the Bar Council rejects 30-06-2021, and at the same time puts good legal practice out of force, as this does not apply to corruption.

Procedural document 1. 28-09-2018.

Procedural document. 18-12-2018. afsluttende svarskrift.

Procedural document 2. 02.-09-2019.

Today I have no doubt that Jyske Bank is doing dishonest business, that is about cheating and deceiving customers like me, and I also have no doubt, that Jyske Bank has paid Lundgren's lawyers to undermine my finances.

And at the same time as Lundgren's received payment for losing my case against Jyske Bank, and that is probably that reason Lundgrens refused fore the court, to present their hour case accounts, which were to document that work, Lundgrens has been done for DKK 232,000 in these 3 small pleadings.

Which have been made to on losing the case against Jyske bank, by the way Lundgrens has only present a case of bad advice, where there are 2 lost Supreme Court judgments, which are about just the same, bad advice.

Therfore i have to fight Lundgrens in this chase to. Procedural 10-05-2022.

For Jyske Bank, the case is about being able to keep what Jyske Bank has stolen, which is why Jyske Bank uses such dirty tricks as bribery, and presents false evidence to the court through Philip Baruch Lund Elmer Sander lawyer's.

After I discovered that Lundgren's lawyers were corrupt, and had been bribed by Jyske Bank, I myself, as an ignorant person, had to try to present the allegations for which Luundgren's had originally been employed, see my own preliminary pleading 3. 27 October 2019.

I found an honorable lawyer who presented my claims as I have fought against 2 lawyers Rødstenen lawyers and then Lundgren's lawyers for 4 years to get presented.

Procedural document 3. 04-05-2020.

Procedural document 4. 23-12-2020.

Procedural document 5. 14-10-2021.

EKSTRAKT 1600 pages.

If there are some of the corrupt judges who get the case in the high court, the case is lost in

advance, which Jyske Bank seemed to know more about, since they already say the case is lost in the high court.

Since the lawyer named by the Supreme Court judge Kurt Rasmussen ruled, that Lundgrens has acted in accordance with good legal practice in 27 complaint points, it makes sense that Jyske Bank's employees have already been in the high court before the case, telling their clients that this case has been lost in the High Court.

There is so much corruption in Denmark, that the little man can never win over a criminal organization in a court of law.

But you just forget that I can write about it, and you can not forbid me as long as I write the truth.

And this case is not so much about winning over Jyske Bank, because the little man can not win in court, when we live in a corrupt society, but what do other countries' TV and newspapers say, to this case, if they discover the story about my struggle against a corrupt country.

[caption id="attachment_1846" align="aligncenter" width="251"]

kan du skrive bedre end de fleste, og har du tid og lyst, så er det her du kan hjælpe.[/caption]

[caption id="attachment_1845" align="aligncenter" width="205"] journalist søges til at hjælpe med at skrive historien[/caption]

And CEO Anders Dam has personally been able to call me since May 2016. if this was just a misunderstanding, and then correct, The management of Jyske Bank has only made it worse, and when Jyske Bank bribed my former Lundgren lawyers, Jyske Bank left

across the line to be able to continue operating in Denmark.

But the Danish Financial Supervisory Authority, together with the Danish state and the government, do not care, it is political and it is about friendships and money it provides.

And that is why the Danish Financial Supervisory Authority and the authorities give a damn about Danish laws and human rights, when the state ignores the Danish authorities and politicians, the Danish state and the state institutions deal with a bank presented documentation exposing customers to fraud.

If Jyske Bank is not deprived of the right to conduct banking business in Denmark, then it can only be due to corruption.

Otherwise, meet me on TV, and in there dare to take a confrontation with me, and claim that Jyske Bank are not criminals, according to what is written in the starffe law.

[caption id="attachment_19453" align="aligncenter" width="300"]

Is it a criminal offense for the Danish state to cover up a criminal Danish bank's, or is it completely normal in Denmark.[/caption]

It is STILL all of you against me, and I am waiting for who dares to meet me and review my allegations and my evidence that JYSKE BANK SHOULD CLOSE.

The Danish state still has major problems with Danish banks, which, as here, where Jyske Bank is behind extensive fraud against the bank's customers, unfortunately cover both Danish judges and the authorities together with the Danish government cover this criminal Jyske Bank.

But a small customer says, now it is enough, the extensive crime among the Danish banks, which the Danish government covers must stop, regardless of the fact that I am the only one who will fight to get rid of the Danish Corruption.

I can not stop the camaraderie, that is the form of government, that exists in Denmark, but I want to warn other nations against the Danish country, which is a society ruled by corruption, between the comrades at the top of Denmark.

You can read my blog here, and Read my story about how my family, and I have fought against some of Denmark's perhaps largest criminal organizations.

You will have a unique story about how Jyske Bank for several years, hid that the bank exposed me to fraud, while I was seriously ill after a major brain haemorrhage.

And do you want my personal story until Jyske Bank 10 years after the beginning of the fraud, until Jyske Bank also chose to bribe our lawyers.

I have a true story that is like reading a movie script.

Can you understand why the employees of Jyske Bank say about the Jyske Bank car. "for us, it's just a joke."

If what I write is no true i can get 2 years in prison for libel.

Carsten Storbjerg Skaarup retter her i mailen kraftig kritik til:

Jyske Bank bilen foran den kriminelle Jyske Bank i Helsingør[/caption]

Mailen 1. 5. og 6. Juli 2022. er her den 7 juli delt nedenfor, og delt med pressen som DR og TV2, der her i mailen direkte bliver opfordret til at deltage i konkurrencen, prøv at mod bevise: at Jyske Bank er en kriminel Bank, og i kan vinde op til 45.000 danske kroner.

En svær hvis ikke en umulig opgave. 😊 prøv at tage min udfordring op, og vil Danmarks Radio DR og eller TV2 inviterer til en duel mellem mig Carsten Storbjerg Skaarup, og for Jyske Bank A/S Anders Christian Dam på en duel, om samt og falsk.

Så har jeg i flere år opfordret Jyske Bank til en duel, mig og mine beviser for at Jyske Bank står bag omfattende kriminalitet mod min lille virksomhed, mod CEO Anders Dam, Jyske Bank og alle deres advokater.

💰

Det er muligt at den danske stat tidligere har kunne dække over kriminelle danske banker, men der går ikke længe, de danske politikere er en direkte medvirkende årsag til mine skriverier, eftersom ikke en eneste politiker har svaret på mig på en eneste af de mange henvendelser.

Mails og breve hvori politikerne er blevet oplyst og fremlagt dokumentation for at Jyske Bank A/S laver strafbar kriminalitet.

☠️ 🏛️ ☠️

Og da CEO Anders Christian Dam stadig ikke vil bede mig holde op med at udsætte Jyske Bank for mine små drillerier,

[på trods af at Anders Dam ved at Jyske Bank jo skal bare ringe til mig, og så bede mig om ikke at drille Jyske Bank](#).

Men det vil CEO Anders Christian Dam ikke, derfor deler jeg fortsat flere af mine mange mails, til netop Anders Christian Dam og Jyske Bank.

På trods af utallige opfordringer til Jyske Banks ledelse og advokater, og til Anders Dam, [som også disse YouTube videoer er en del af](#).

🤐 🤫

Så er Jyske Banks svar, tavshed til alle mine opslag og videoer, [Jyske Banks ordførende direktør Anders Christian Dam er derfor den direkte årsag til at disse kampagner fortsætter](#).

Anders Christian Dam har personligt mindst siden maj måned 2016, kunne tale med mig og iværksætte en intern undersøgelse, i stedet vælger Anders Dam eller ledelsen samt Jyske Bank advokater at fortsætte bedrageri / bondefangeri, for så i foråret 2018, at bestikke Lundgrens advokater til at holde mig og sagsøges Svig og Falsk påstande ude af svindel sagen mod Jyske Bank.

🙈 🙊 🙉

[Mail 07-07-2022. To the pres](#).

The Danish National Bank has a major co-responsibility for conducting banking transactions with the Danish banks, as the National Bank has been informed, and received and has been provided that Jyske Bank is making a document false, and abuse power of attorney, as well as other criminal offenses.

Jyske Bank bilen foran den kriminelle Jyske Bank i Helsingør, reklame for Jyske Banks forretnings metoder[/caption]

Myndighederne i Danmark får alle her i denne mail kraftig kritik 03-07-2022. Dels for at ignorer Jyske Banks mange strafbare forhold. Men også for at dækker over denne organiseret kriminalitet, som Jyske Bank bevisligt står bag, og så for at have forholdt jer passive og ikke vil blande jer i Jyske Banks mange lovovertrædelser.

LYT og læs teksten, der står intet om nogle retssag, men blot at Jyske bank er kriminelle, og der nævnes flere lovovertrædelser, og navne på nogle af dem der for Jyske Bank A/S har medvirket til bedrageri.

Hvilket Jyske Banks ansatte 22 juni. ikke vil afvise, og derfor undviger at svare på spørgsmålet, da en kunde spørger direkte om er det sandt det som står på bilen.

Hvad er det nu jeg skriver på Jyske Bank bilen.

I hvert fald ikke noget politiet vil tage sig af, de kunder som Jyske Bank udsætter for groft bedrageri, de må klare sig selv, det er nemlig politiske at det ikke er politiets opgave, at hjælpe de kunder som banker udsætter for bedrageri.

Derimod er det politiets opgave at efterforske og retsforfølge de kunder, som laver bedrageri mod banker, eller forsøger at udsætte banker som Jyske Bank for bedrageri.

Jeg må ikke få hjælp, da Jyske Bank A/S ved kammerateri er beskyttet mod efterforskning og strafforfølgning.

Mulig hovedforhan...

Meddelelse

Fra Kristian Ambjørn Buus-Nielsen
Til Retten

Mulig hovedforhandling 19. og 20. december 2022

Sagsnummer BS-261/2022-VLR, Storbjerg Erhverv ApS mod Jyske Bank A/S

Under henvisning til landsrettens brev af 23. maj 2022 kan det oplyses, at undertegnede desværre er optaget af hovedforhandling i Østre Landsret den 20. og 21. december 2022, hvorfor undertegnede ikke har mulighed for at deltage i hovedforhandling den 19. og 20. december 2022 i nærværende sag.

Meddelelsen indeholder særlige spørgsmål, som retten skal tage stilling til under sagens forberedelse: Nej

BS-261-2022-VLR.
Storbjerg erhverv mod Jyske Bank i en sag om svig, falsk, ond tro.
Du kan her i denne optagelse fra 22 juni. høre at den ansatte, svare uden om på spørgsmålet, er det sandt hvad der står på bilen, dels vil Jyske Bank ikke svare bankens kunde
Og så lyver Jyske Bank direkte, og det flere gange, som her hvor Jyske Bank siger SAGEN ER TABT I LANDSRETTEN.
Det kunden spørger om er den strafferetligt organiseret kriminalitet som Jyske Bank ved flere medarbejder sammen i forening står bag.
Hvilket Jyske Bank ikke vil tale om, sikkert da Jyske Bank udnytter at de danske myndigheder dækker over bankens strafbare lovovertrædelser, og i den forbindelse har modsat sig efterforskning af Jyske Bank og de personer der som Nicolai Hansen, Jeanett kofoed-Hansen for Jyske Bank A/S startede bedrageriet.
Jyske Bank kan allerede have lavet en aftale med deres kammerater, at sagen skal afvises, som da Dommer Søren Ejdum der ikke medtog dele af vidners forklaring, da deres forklaringer gik Jyske bank mod.
HØR SAMTALEN 22 juni, hvor Jyske bank siger sagen er tabt i Landsretten, og læs her, at sagen er forslået til hoved forhandling 19 & 20 december 2022.

Sagen der er en civilretligt sag er altså ikke berammet til hoved forhandling, selv om Jysk Bank siges den sag er tabt Landsretten.
Dette er tydelig dokumentation for at JYSKE BANK ER LØGNAGTIGE.[/caption]

Som du kunne høre i samtalen juni 2022. sige medarbejderen i Jyske Bank, at sagen allerede er tabt i landsretten, men dokumentet oven for taler, dokumenter sagen først kommer for retten i 2023.

Jeg har derfor igen 28-06-2022- skrevet til de danske myndigheder og anmoder at den danske stat stopper med at dække over Jyske bank massive lovovertrædelser, herunder mener jeg bedrageri og brugen af dokumentfalsk.

😆

Kunden siger så bagefter, det her er også en joke, og siger så her på YouTube videoen der er optaget 27 juni uden foran Jyske Bank Gammel Kongevej nr 136. Deltag gratis i konkurrencen og tjen op til 40.000 tudende kroner. Jeg har ligeledes delt en mail med denne video mandag aften med Jyske Bank og flere myndigheder, læs MAILEN her i LINKET.

✋ 😊

Læs her min mail 27-06-2022. til Jyske Bank A/S Juridisk og ledelsen samt til afdelingen på Frederiksberg.

sebastian.dyg.eriksen@jyskebank.dk, og til Koncernledergruppen direktion@jyskebank.dk

Kender du Jyske bank bilen, som her er parkeret udenfor Jyske Bank på Gammel Kongevej 136.
Spørg i Jyske bank om det er sandt hvad der står på bilen, siden ikke en eneste tør tage en konfrontation med Carsten.

Denmark has a major problem with legal certainty, as employees of the National Courts Administration knowingly and dishonestly, and by camaraderie, cover up economic crime,

including corruption, which some of the largest Danish companies, including Jyske Bank A/S, are behind.

Man bliver træt af Jyske Banks mange løgne. Kunde i Jyske Bank får hedeslag, og falder sammen foran Jyske Bank på Gammel Kongevej, men vente stadig på svar.[/caption]

Jyske Banks medarbejdere lyver igen 22-06-2022, da medarbejdere i Jyske Banks afdeling på Gammel Kongevej 136, siger, til den kunde der spørger om det der står på Jyske Bank bilen uden for Jyske Bank, er sandt.

Kunden fortæller at i Jyske Bank på Frederiksberg er være blevet oplyst, at den omtalte verserende sag mellem Storbjerg Erhverv ApS og mod Jyske Bank A/S.

Er tabt 2 gange. både i byretten og landsretten ?.

Men det var ikke det kunden stillede spørgsmål om, kunden spurgte de ansat i banken på Frederiksberg, om det der står på bilen uden for bankens facade er sandt.

JYSKE BANKS MEDARBEJDERE KAN FÅ 44.000 DKK. FOR AT MODBEVISE DET JEG SKRIVER.

Og du kan få op til 40.000 DKK hvis du kan modbevise det jeg skriver, hør hvad jeg siger til Jyske Bank og dig der vil være med i konkurrencen.

Hvorfor mon ingen i regeringen vil

medvirke til at stoppe korruption og kammerateri i Danmark. ?. Alle sammen ingure de mange beviser for Jyske Banks strafbare handlinger.[/caption]

Jeg vil gerne selv spørger Jyske Bank om det der står på Jyske bilen er sandt.

Men Jyske Bank satser vel på at vennerne ved kammerateri, fortsat vil holde hånden over Jyske Bank, og dermed dækker over den økonomiske kriminalitet som Jyske Bank står bag, for på den måde at slå fast at loven gælder ikke for inderkredsen af magtens elite.

Denne her side og dagbogen, altså det jeg Carsten Storbjerg Skaarup skriver er personligt, og det jeg skriver og siger med at Jyske Bank A/S står bag organiseret kriminalitet, hvilket er udført i forening, og derfor skærpende omstændigheder, at politiet ikke må efterforske og retsforfølge kriminelle danske banker er politisk.

Jeg er ikke part i retssagen mellem Jyske Bank A/S og Storbjerg Erhverv ApS, og bede derfor igen Jyske Bank og deres mange medhjælpere samt advokater om, ikke at sammen blande det jeg personligt skriver om den organiserede kriminalitet, som Jyske Bank A/S bevisligt står bag, og den sag som Jyske Banks medarbejdere fortæller til bankens kunder eller gæster er tabt, i byretten og også Landsretten, mig bekendt har den sag slet ikke været til domsforhandlingen i landsretten, selv

om der findes Dommere som dækker over Jyske Banks bedrageri, bestikkelse, dokumentfalsk, mandatsvig og Jyske Bank er beskyttet af kammerateri.

Så vent med at sige den sag er tabt i landsretten, til den rent faktisk har været i landsretten.

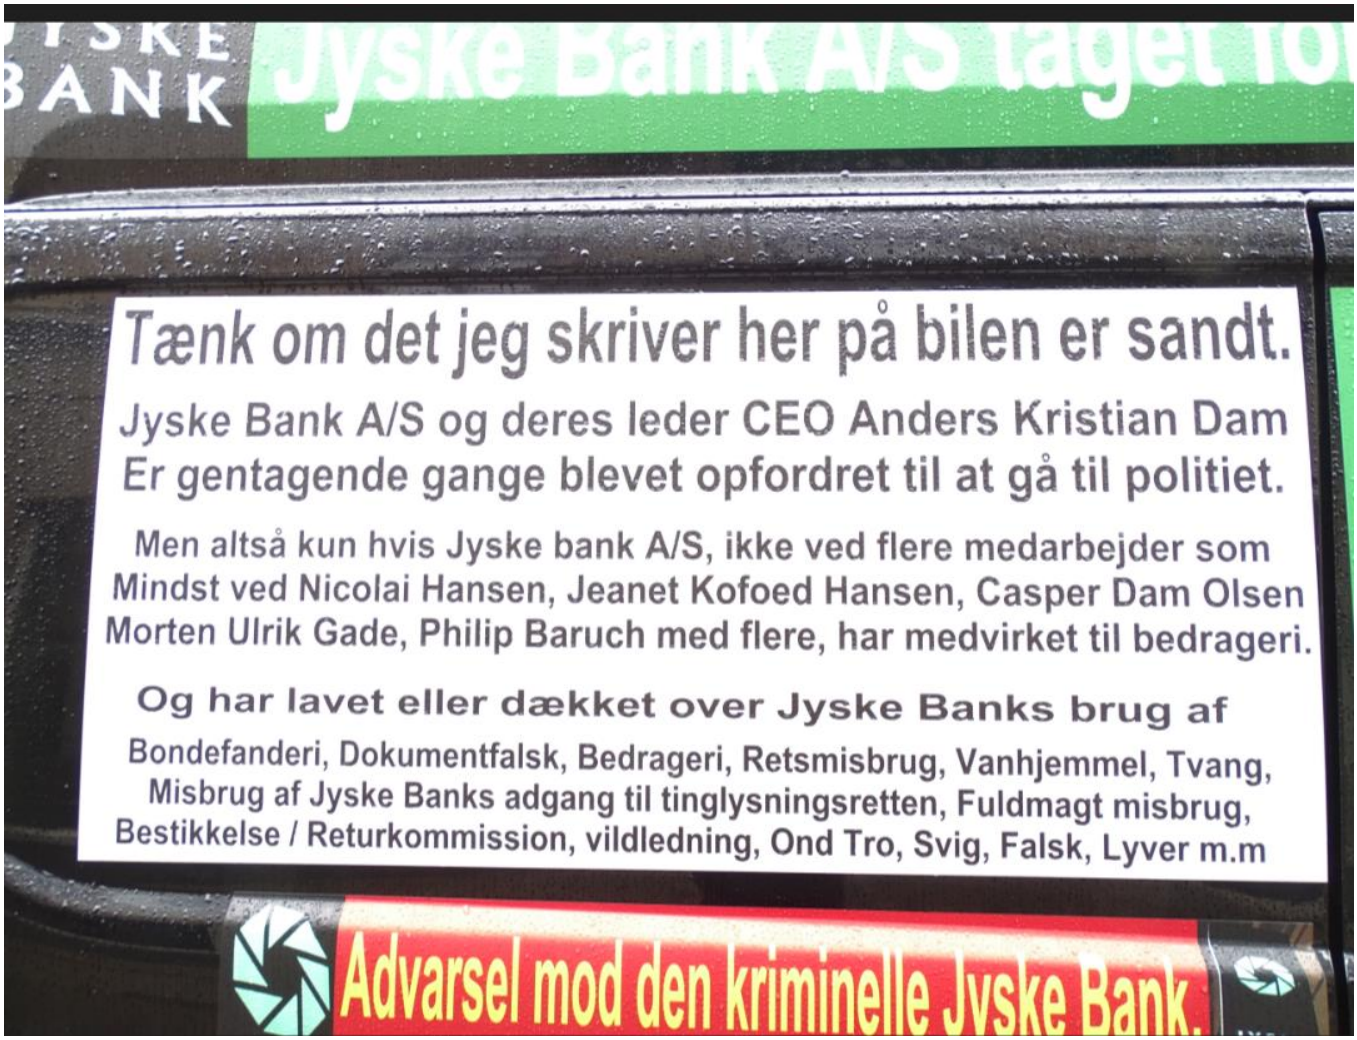
Læs her den Mail 24-06-2022. Jeg skrev Jyske Bank og deres mange advokater og CEO Anders Christian Dam.

Jyske Banks advokater er her igen OPFORDRET til selv selv at deltage i konkurrencen.

Så kan Jyske Banks advokater også få andel i de 8 x 5.000 DKK for bare at modbevise, det jeg skriver om Jyske Banks bedrageri, dokumentfalsk, vanhjemmel, udnyttelse, retsmisbrug, misbrug af bankens adgang til tinglysningsretten, fuldmagtsmisbrug, mandatsvig.



Med hensyn til det der står på Jyske Bank bilen, og som flere kunder har stillet spørgsmål til Jyske Bank A/S medarbejdere om det er sandt.

Jeg anmoder derfor her igen Jyske Bank om at forholde sig til det jeres kunder spørger jer om, og at Jyske Banks medarbejdere alle sammen sætte sig ind i det jeg skriver at Jyske Bank A/S står bag.

Jeg har fået oplyst at den svig sag Jyske Bank har kørende, ikke har været i landsretten.

Men siden at Jyske Banks ansatte siger den allerede er blevet tabt også i landsretten, kan skyldes at det allerede er blevet aftalt. ?. Læs jeres mail 23-06-2022. Til Jyske Bank A/S koncernen her.

Det er nu så sikkert som et amen i kirken – hvis ellers også myndighederne er med på det – at Jyske Bank

Jyske Banks nye Direktør Lars Stensgaard Mørch, der blev fyret fra Danske Bank efter hvidvasksag for milliarder, som nu står bag topjob i Jyske Bank, og forventes at blive ny direktør.

Lars Stensgaard Mørch var bankdirektør i Danske Banks koncerndirektion indtil 2018, hvor Lars Mørch som følge af hvidvasksagen måtte forlade posten, altså blev fyret.

Det var Lars Stensgaard Mørch der havde det ledelsesmæssige ansvar for Danske Banks hvidvaskning gennem filialen i Estland, som også fremstår som stærkt medvirkende til købet af Handelsbanken.

Analytikere forventer at Danske Bank får bøde på 10 mia. kr. i forbindelse med den Danske Banks hvidvasksag, som Lars Stensgaard Mørch var ansvarlig for.

Jeg Carsten Storbjerg Skaarup skriver her og flere andre steder at dette omfattende bedrageri som Jyske Bank A/S og aktionærerne nyder godt af, er udført og startede mindst af Nicolai Hansen Jyske Bank Hillerød og Jeanett Kofoed-Hansen Jyske Bank København der begge for Jyske Bank A/S har startet bankens bedrageri, og bag øvrige medvirkende er Lars Aaqvist der i dag er ansat i Danske Bank A/S.

Og som med hjælp direkte eller indirekte har fortsat den økonomiske kriminalitet, hvilket Jyske Bank ved at skjule sandheden, og ved bilag's manipulation, har holdt kunden i en forvildelse, dette ved hjælp af mindst disse nævnte personer, der alle har medvirket direkte eller indirekte, til at dække over Jyske Banks bedrageri, som derfor har kunne fortsætte.

[caption id="attachment_12161" align="alignnone" width="2560"]

Emil Hald Vendelbo Winstrøm der er ansat i Rambøll, siger vi fremlægger naturligvis ikke noget undtagen vi er fuldstændig enige.

Alligevel vælger Lundgrens advokat at fremlægge noget som ikke indeholder nogen af klientens anbringer, og Lundgrens vil ikke give klienten mulighed for at se hvad Lundgrens advokater fremlægger, hvilket Lundgrens advokater efterfølgende også skjulte, og samtidig tilbageholde Lundgrens advokater stadig retsbøger overfor klienten.

Til dette bare ene klageforhold.

At Lundgrens advokater vil ikke udlevere klienten alle Processkrifter fra sagen, er ikke en overtrædelse af god advokat skik, udtaler de 5 medlemmer af advokatnævnet enstemmigt.

En afgørelse som advokat nævnets formand Martin Lavesen bakker op om, og understreger at afvise at offentliggørelse af kendelsen, da advokatnævnet jo har frikendt Lundgrens advokater for alle 27 klage forhold som du kan læse mere om i dette LINK

Gentager her i en afspillingsliste de 5 delte optagelser.

[playlist ids="10139,10140,10141,10142,10143"]

Her med henvisning til bare 2 klageforhold.

At ansatte i Domstolsstyrelsen er direkte medvirkende til at bekæmpe retssikkerhed og modvirke retfærdighed for den danske befolkning.

Som da den ansatte Højesteretsdommer Kurt Rasmussen som formand for advokatnævnet, understreger at det ikke er en overtrædelse af god advokat skik at en advokat ikke fremlægge klientens anbringer.

Og det er heller ikke en overtrædelse af god advokat skik, at en advokat ikke vil udlevere klienten kopier af sagens processkrifter.

Advokatnævnet ved Højesterets dommer Kurt Rasmussen, skriver i sin afgørelse at klienten må stole på advokaten.

Og skriver også at det ikke har nogen betydning for et habilitetsproblem, at der i Lundgrens advokater er flere

ansatte, der skal hjælpe med at fremlægge klientens svig falsk anbringer mod Jyske Bank, samtidig med at andre advokater i Lundgrens advokater hjælper Jyske Bank med rådgivning i en handel til 600 millioner danske kroner.

Eftersom Domstolsstyrelsen ved, at de ansatte i Domstolsstyrelsen der modarbejder retfærdighed og modvirker danskernes retssikkerhed, og at Domstolsstyrelsen og Justitsministeriet ikke regere på disse oplysninger.

Som at Domstolsstyrelsen har ansat Højesteretsdommer Kurt Rasmussen, som bevidst og u-hæderlige dækker over at Lundgrens advokater reelt er blevet bestukket til at skade klientens sag mod Jyske Bank A/S

Kurt Rasmussen som må formodes at kende lovgivningen har mulighed for at sige mig i mod, Kurt Rasmussen kan også politi anmelde mig for injurier og bagvaskelse af Kurt Rasmussen selv.

Dommer Kurt Rasmussen kan ikke blive afskediget, da han er urørlig, og kan derfor

fortsætte med, at ved kammerateri dække også over andres lovovertrædelser.

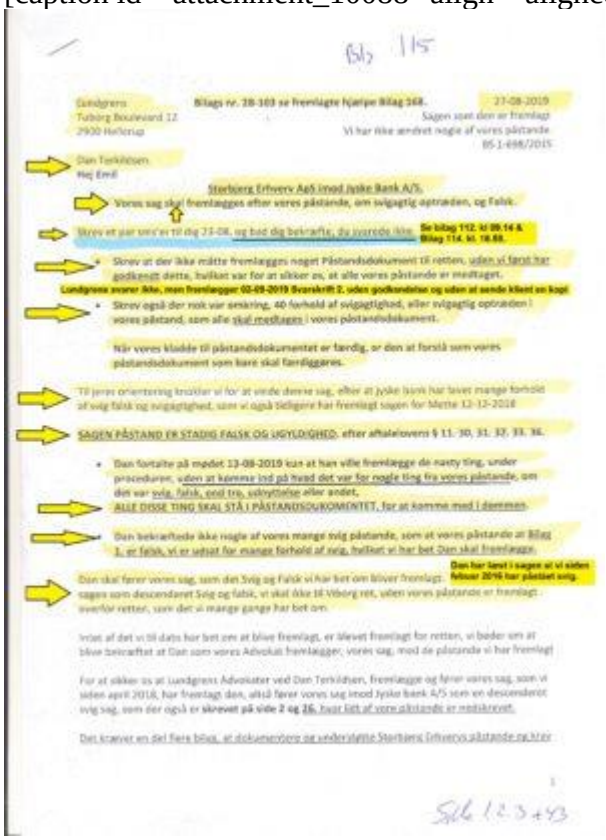
Uanset dette her er under ansættelsen i advokatnævnet, så er det en skandale for retssikkerheden og for alle i Danmark, at disse her nedenfor nævnte, reelt har hjulpet Jyske Bank med bankens bedrageri, ved at hjælpe og dækker over de korrupte Lundgrens advokater.

SÅ JEG NÆVNER OGSÅ HØJESTERETS DOMMER KURT RASMUSSEN, / JENS STEEN JENSEN FRA KROMANN REUMERT ADVOKATER, / BIRGITTE FRØLUND FRA HORTEN ADVOKATER, / RIKKE SKADHAUGE SEERUP KROGSGAARD FRA FORBRUGERKLAGENÆVNET OG HENRIK HYLDETOFT FRA DANSK ERHVERV

SAMT MARTIN LAVESEN FRA DLA PIPER ADVOKATER SOM ER ENIG.

Derfor nævner jeg advokatnævnet som medvirke til organiseret kriminalitet, uanset de ikke direkte er medvirkende, men ved at dække over at Jyske Bank reelt har købt Lundgrens advokater for at disse ikke måtte fremlægge klientens svig påstande mod Jyske Bank, er advokat rådet indirekte medvirkende til at modvirke retfærdighed og hjælpe til at Jyske Bank's mange strafbare handlinger kan fortsætte, også i fremtiden.

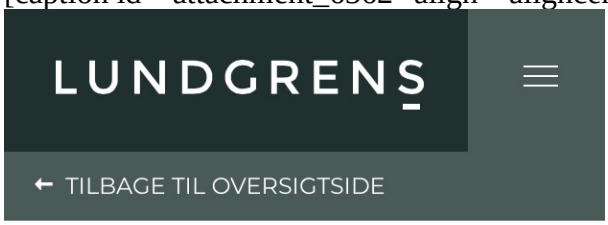
[caption id="attachment_10088" align="aligncenter" width="300"]



Bilag 115. s.1-4. 44 sider. henviser til at Lundgrens ikke svare klient, intet må fremlægges uden klientens godkendelse, svig og falsk. manglende retssikkerhed.[/caption]

3.1 Lundgrens agerer på grundlag af og i overensstemmelse med klientens instrukser, og klienten og Lundgrens aftaler løbende den juridiske bistand og omfanget af opdraget samt klientens og andres medvirken.Lundgrens er dog berettiget til at nægte at efterkomme en instruks, såfremt dette ville krænke lovgivning eller andre regler, f.eks. regler om god advokatskik.

[caption id="attachment_6362" align="aligncenter" width="300"]

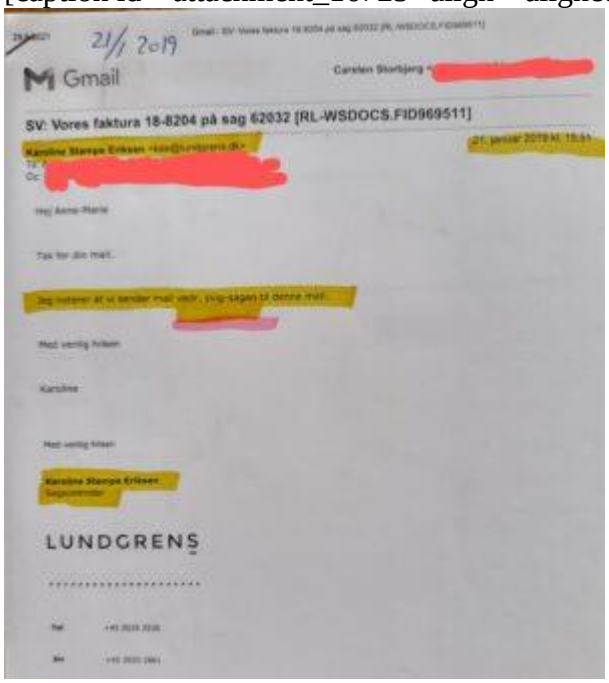


8. Interessekonflikter

8.1 Lundgrens kontrollerer straks efter modtagelsen af et opdrag – og inden arbejdet med dette iværksættes – om Lundgrens' engagement giver anledning til interessekonflikter, der afskærer Lundgrens fra at repræsentere klienten i relation til det pågældende opdrag. Relevante forhold drøftes med klienten, inden sagsbehandlingen påbegyndes.

Jeg ansatte Lundgrens advokater første til at føre en Svig og Falsk sag mod Jyske Bank, Jyske Banks advokat opdager hurtigt at Lundgrens advokater er blevet ansat til at føre Svig og Falsk sag mod Jyske Bank, hvorfor Jyske Bank også ansætter Lundgrens advokater, så de skal modarbejde klientens anbringer mod Jyske Bank bliver fremlagt.[/caption]

[caption id="attachment_16725" align="aligncenter" width="300"]



Hvem bestemmer hva klientens sag handler om, og hvad der skal fremlægges, Klienten eller advokaten som skal hjælpe klienten, dette er det som klagen over Lundgrens handler om. **21 januar 2019. Skriver Lundgrens ved Karoline Stampe Eriksen.**

Jeg noter at vi sender **mail vedr. SVIG SAGEN** til denne mail, **du kan læse de fleste mails i klagen over Lundgrens her**, hv**or Lundgrens blever anmodet om at fremlægge flere forhold af SVIG**. og så selv vurdere om Lundgrens advokater er lidt korrupte eller Lundgrens er meget korrupte, hvilket Dan Terkildsen bliver stillet spørgsmål om i retten.

At Lundgrens advokater alligevel arbejder for sagsøgte Jyske Bank A/S, og skjuler dette over for klienten her, understøtter blot at Lundgrens arbejder for at skade klientens sag mod Jyske Bank A/S, hvilket står meget klart **BLAG 134. 2 september 2019**. hvor Lundgrens på side 2. i processkriftet skriver at klienten har indgået en swap, den 16-07-2008. med Jyske Bank A/S og dette på trods af klienten kontinuerligt skriver at denne er FALSK. også med henvisning til aftalelovens bestemmelser om ugyldighed.

Da Lundgrens 2. september 2019. fremlægger det stik modsatte, af det svig som klienten skriver og siger Lundgrens skal fremlægge, og samtidig skjuler dette overfor klienten , bør Lundgrens Dan Terkildsen slet ikke have lov til at virke Som advokat.

Eksempelvis i **27-08-2019. BILAG 115**. også som **06-12-2018- Bilag 40**. det kan da ikke misforståes, men det korrupte advokatfirma inquirer klienten, og ændre også klientens påstande.

Lundgrens fremlægge i deres **Processkrift 2. Den 2/9-2019. BILAG 134**. at klienten 16-07-2008 har indgået en swap med Jyske Bank.

Selv om klienten gentagende og kontinuerligt over for Lundgrens advokater, har fremlagt det modsatte, som eksempelvis ved **BILAG 106. 11/8-2019**. AT SWAPPEN 16-07-2008 PÅSTÅS FALSK.

HVILKET LUNDGRENS ANSATTE VED MINDST DISSE

Mette Marie Nielsen, Emil Hald Vendelbo Winstrøm, Pernille Hellesøe, Sebastian Lysholm Nielsen, Jens Grunnet-Nilsson, Karoline Stampe Eriksen og Dan Terkildsen alle disse 7 eller 8. er bevist om, at klienten påstår denne påståede at være falsk, og lavet ved hjælp af dokumentfalsk, samt at Jyske Bank A/S var i Ond Tro.

At Jyske Bank var i OND TRO skulle Lundgrens jo også fremlægge, men når Lundgrens indirekte arbejde for modparten, for at skuffe i retsforhold, ville Lundgrens heller manipulere med klientens sag, for at gøre mere nytte for Jyske Bank A/S og sikkert få flere opgaver for banken.

At Jyske Bank A/S har været i OND TRO, understøttes af det kommende Processkreift 5. hvori det bliver fremlagt at Jyske bank, som forsøgte at få en underskrift på denne swap 16-07-2008. efterfølgende, både **LINK. 24 -07-2008**. og igen **LINK. 30-07-2008**. Ingen af disse ens dokumenter 16-07-2008. 24-07-2008. 30-07-2008. er blevet underskrevet, derudover løj Jyske Bank også at lånet 4.328.000 for swappen var Hjemtaget **LINK. hvilket ses i dette her dokument**. og så om lagt hvilket ses i dette her **LINK. Sagens Bilag D**. også dette skulle Lundgrens fremlægge, men som de korrupte advokater Lundgrens er, ville Lundgrens partner noget andet, hvorfor de involverede medarbejdere i Lundgrens ikke svarede klienten, og fremlagde noget andet.

Når Lundgrens advokater, selv efter Klienten 21/8-2019. klagens **BILAG 110**. & **BILAG 111**. har

anmodet Domstolen om at få aktindsigt, eftersom Lundgrens advokater skjuler både retsbøger, og tilbageholder processkrifter over for klienten, altså Lundgrens vil ikke udlevere klienten kopi af retsbogen, så som kopi af **LINK. Processkrift B**. Og også **LINK. Processkrift 2. 02-09-2019. Bemærk det fremhævet på side 2**. ikke er ens med hvad klienten skriver **BILAG 106. 11/8-2019**. og den **27-08-2019. BILAG 115**.

Klienten ved dels ikke at Lundgrens advokater er korrupte, og klienten ved heller eller hvad der bliver fremlagt i sagen, da Lundgrens advokater ikke vil svare klienten, eller for den sags skyld dele processkrifter med klienten, Lundgrens vil selv bestemme, og samtidig holde klienten helt ude af sagen, Dan Terkildsen og den løgnagtige advokat Philip Baruch fra Lund Elmer Sandager bestemmer hvad der skal frem, og hvad der skal skjules.[/caption]

Øvrige medvirkende til at dække over Jyske Banks bedrageri er Lundgrens advokat partnerselskab, og grundet den bestikkelse Jyske Bank A/S betalte Lundgrens advokater, som derfor ikke fremlagde klientens svig og falsk anbringer mod Jyske Bank A/S, nævne jeg dem jeg kan se har været direkte indblandet.

Dan Terkildsen Lundgrens advokater, Mette Marie Nielsen der i dag er ansat som advokat i Danske Bank A/S, Emil Hald Vendelbo Winstrøm der idag er ansat som advokat i Rambøll rådgivende ingeniører firma, Pernille Hellesøe Lundgrens advokater, Sebastian Lysholm Nielsen Lundgrens advokater, Jens Grunnet-Nilsson Lundgrens advokater, Karoline Stampe Eriksen Lundgrens advokater.

Og i kommer hvis i mener jeg lyver, men det kan i jo ikke, for i ved alle sammen udmærket godt at jeg har skrevet sandt.

Når jeg skriver for neden at jeg gerne vil have at Jyske Bank hjælper mig med at tage billeder af Sol opgang, solnedgang, dyr, natur med mere, frem for af Jyske Bank og Jyske Bank Bilen, så er det en anmodning om at Jyske Bank hjælper mig til at blive bedre til fotografering, og til at lave noget andet end at drille jer alle sammen, vil i hjælp mig også til at vi i fællesskab får ryddet op i mine mange opslag med billeder og videoer.

Kære alle sammen, og det er særligt til dig CEO Anders Christian Dam, hvis du og i andre ønsker det, vil jeg gerne fjerne disse billeder, og stoppe med at drille jer, for syntes Jyske Banks repræsentantskab og bestyrelsen i Jyske Bank samt Jyske Banks mange aktionærer og jeres sammen arbejdes partnere ikke, at det her har været morsomt længe nok.

[caption id="attachment_21050" align="aligncenter" width="300"]

Handler det for CEO Anders Dam mere om at få så mange penge ud af bankens kunder, til aktionærerne som ATP. end at have glade kunder i Jyske Bank, og er Jyske Banks troværdighed ligegyldigt, bare den danske stat står bag, og støtter den omfattende kriminalitet som Jyske Bank A/S udsætter deres kunder for.[/caption]

Jeg forsøger her at komme i kontakt med Jyske Bank A/S.

Jeg ønsker vi får talt sammen, og finder ud af hvad der gik galt, så får vi stoppet mine sikkert ganske morsomme kampagner og kommer videre.

Kære sammen i Jyske Bank i skal bare have samme ønsker som mig, så laver vi en aftale om at jeg nok skal slette de opslag jeg kan, og så skal jeg heller ikke tale mere om det her, og da det kun er mig der taler, er det vel en smal sag for Jyske Bank at være med til at løse.

Here is the short introduction, the story of the little Dane who alone tries to fight the corruption and camaraderie, that has infiltrated the Danish authorities far and wide in the Judicial Service, an impossible battle for one man who wants everyone to be equal before the law, but such is not the case in denmark.

IF you just can give me a reason, why no one governs or responds to the information and notices, to the Danish authorities, and the lawyers of which at least Lundgrens is corrupt.

And who either directly or indirectly contribute to the extensive and organized crime to which Danish banks expose their customers.

This is to a lesser extent about the fraud Jyske Bank is demonstrably behind, but will also be about the corruption or the camaraderie that governs Denmark, about who decides

who and which Danish companies should not pass the legislation.

Jeg savner den journalist der ikke er bange for Jyske Bank A /S og deres magtfulde lobby af kammerater, og dig som tør skrive om det jeg skriver her på siden, i kan jo bare hjælpe Jyske Bank A/S hvis jeg ikke har skrevet sandheden.

Jeg stiller gerne selv op til interview, og svare på spørgsmål om det jeg skriver her på Banknyt.

Hvis der er nogle af jer som ønsker at være med til at stoppe det kammerateri, som er ødelæggende for et påstået retssamfund, når kammerateri og korruption er et direkte angreb på danskernes retssikkerhed og modvirker retfærdighed, så hjælp mig.

Kan i huske det første billede i november 2015. fik tilsendt af min bil i Jyske Bank, inde på Vesterbrogade nr. 9.
Det startede som sjov, og var meget grænseoverskridende for mig, men i dag kender jeg sandheden, og har beviser for det jeg skriver, og derfor tør i heller ikke sige noget til mig.

I HAR ALLE SAMMEN MODTAGET DOKUMENTER DER UNDERSTØTTER MINE ANKLAGER MOD JYSKE BANK A/S, ENTEN VED LINK MAIL ELLER BREV.

Og hvis der er nogle af jer som ønsker mere, eller bare bilag's dokumentation for mine påstande, så skriv til mig hvad du ønsker at modtage, mine kontakt oplysninger er Min mail adresse. eller min mobiltelefon. +45 2222 7713.

Min fortælling handler om da Jyske Bank A/S koncernen valgte at bestikke Lundgrens advokat partnerselskab til at modarbejde retfærdighed, for at ville skuffe i retsforhold, og mod klientens instrukser valgte Lundgrens at fører en sag, kun om dårlig rådgivning mod Jyske Bank A/S.

En sag som Lundgrens med 100 % sikkerhed ville tabe, i det Lundgrens undlod at fremlægge Jyske Bank's brug af svig, falsk, og fremlagde heller ikke, at Jyske Banks ansatte har været i ond tro, og har misbrugt en bortfaldet fuldmagt, og lavet bilag's manipulation, disse anbringer tilbageholdt Lundgrens for retten, for ikke at fremlægge at dette afbryder forældelsesfrist problematikken.

Lundgrens fortæller heller ikke klienten, at Lundgrens advokater kun vil fører en sag om dårlig rådgivning, og fortælle ikke hvilket negative konsekvenser det vil have for sagens forældelsesfrist, men eftersom Jyske Bank har betalt Lundgrens skjult returkommission for at tabe sagen mod Jyske Bank, er grunden ganske enkelt.

Lundgrens advokater der også bevidst og u-hæderlige, valgte at tilbageholde retsbøger og flere processkrifter for klienten, både sagsøger's også sagsøgte's processkrifter, Lundgrens er fuldstændig ligeglad med hvad klienten må have af anbringer.

Det handler om at Lundgrens advokater har taget mod bestikkelse fra Jyske Bank, mod tilgengæld ikke at fremlægge klientens anbringer mod Jyske Bank.

Advokatnævnet's medlemmer der arbejder i Domstolsstyrelsen, Kromann Reumert advokater, Horten advokater, Dansk Erhverv og forbruger klagenævnet, udtaler at Lundgrens advokater selv bestemmer, hvad klienten må få fremlagt.

Og at

Klienten har heller ingen som helst krav, har på at få udleveret processkrifter, som Højesterets dommer Kurt Rasmussen og de 4 andre medvirkende sagde, du må stole på Lundgrens, og så er det også ligegyldigt at Sagsøgte Jyske Bank A/S har ansat sagsøger's advokat firma "Lundgrens" til en million opgave, når bare det ikke er den samme partner der rådgiver.

Af samme grund ville Lundgrens heller ikke svare på mine henvendelser, og mine spørgsmål om Lundgrens advokater har arbejdet for Jyske Bank, altsammen er fremlagt og dokumenteret for advokatnævnet, som udgangspunkt bruger udnyttelsen og kammerateri, for at dække over Lundgrens advokater og det at Jyske Bank har bestukket Lundgrens advokater.

[caption id="attachment_11303" align="alignnone" width="2560"]

Lundgrens advokater er korrupte, så enkelt kan det skrives.[/caption]

Jyske bank gør meget ud af at henvise til tidligere højesteretsdomme om forældelsesfrist, hvilket er problematikken som Lundgrens ikke nævner med et eneste ord, efter at Jyske Bank klart har betalt Lundgrens advokater millioner af kroner i bestikkelse, for netop at tabe sagen mod Jyske Bank A/S

Der er klaget over Lundgrens hvilket du kan læse alt om her i linket med klagen fra 05-06-2020.

Du kan også læse hvordan dommere og advokater angriber danskernes retssikkerhed, og ved kammerateri disse 5 medlemmer af advokatnævnet dækket over de korrupte Lundgrens advokater.

DU KAN LÆSE KLAGEN HER I LINKET, OG SE ALLE BILAG.

OG SÅ FÅ EN FORSTÅELSE FOR HVAD ADVOKAT RÅDET VED HØJESTERETS DOMMER KURT RASMUSSEN, / JENS STEEN JENSEN FRA KROMANN REUMERT ADVOKATER, / BIRGITTE FRØLUND FRA HORTEN ADVOKATER, / RIKKE SKADHAUGE SEERUP KROGSGAARD FRA FORBRUGERKLAGENÆVNET OG HENRIK HYLDETOFT FRA DANSK ERHVERV ALLE SAMMEN MENER, IKKE ER OVERTRÆDELSER AF GOD ADVOKAT SKIK

HVILKET OGSÅ MARTIN LAVESEN FRA DLA PIPER ADVOKATER BAKKER OP OM.

Jeg skriver her hvordan Højesteretsdommer Kurt Rasmussen fra domstolsstyrelsen, Jens Steen Jensen fra Kromann Reumert, Brigitte Frølund fra Horten advokater, Rikke Skadehauge Seerup Krogsgaard fra Forbrugerklage nævnet, Henrik Hyldetoft fra Dansk Erhverv på vegne af advokat nævnet har deres opfattelse af god advokat skik. og at disse personers opfattelse af hvad der er god advokatskik, eller ikke er en overtrædelse af god advokatskik, er direkte undergravende virksomhed mod hvad der skulle være en retsstat.

Velkommen til lokalbanken.
Vi hjælper dig med at finde den medarbejder du søger i Jyske Bank.[/caption]

Hvis nogle vil påstå Danmark ikke er styret ved korruption og kammerateri, så kom frem, hvis i ved dette er et faktum og derfor ikke tør

sige mig imod, skal i bare selvfølgelig bare gemme jer alle sammen, og håbe at der ikke er nogle som følger med.

Hvis i alle sammen Folketinget, Regeringen, Statsministeriet, Justitsministeriet, Domstolsstyrelsen, Finansministeriet, Statsadvokaten, Rigspolitichefen, Danmarks Nationalbank, Advokatsamfundet, Advokatnævnet, og mange flere som jeg har sendt flere mails til, ikke ønsker at stoppe den korruption og det kammerateri, jeg skriver er landsskadelig virksomhed for Danmark og Danskernes retssikkerhed.

SÅ SKAL I BARE FORTSÆTTE MED AT IGNORERE MINE HENVENDELSER.

Jeg omtaler i mine mange YouTube videoer problemstillingen med korruption i Danmark, samt også i facebook opslag på div sider som denne, og også på min private Facebook, desuden skriver jeg også på Twitter, jeg har skrevet mange mail til Jyske Bank og myndighederne som her 8 Juni.

🤐

Og også denne her nu delte mail fra 5 og 7 juni.

Ikke en eneste gang har nogle svaret.

✍️

Når jeg skriver og siger GENTAGNE, Danmark har et stort problem med korruption og kammerateri samt magtmisbrug som modvirker danskernes retssikkerhed og retfærdighed, er i så alle sammen ligeglade, da i selv bruger kammerateri som vennetjenester, for at selv at have noget til gode.

Jeg beder derfor igen ved denne Mali 10-06-2022. Jyske Bank Anders Christian Dam om dialog, og gør den danske stat og regering ved Statsminister Mette Frederiksen opmærksom på, at det er et stort problem når myndighederne ved passivitet og kammerateri, ignorere deres viden om at Jyske Bank A/S står bag omfattende kriminalitet mod bankens kunder.

✍️

Og som jeg skrev her i mailen 30 maj 2022. med en del bilag, fælles for alle kontakt forsøg, så vil ikke en eneste responderer på mine henvendelser, syntes i ikke selv det er underligt.

HVEM TØR TAGE KONFRONTATION MED MIG.

It is unhealthy for the Danish government that the state allows banks to commit crime, and covers it.

Det Sandt hvad jeg skriver. 🤫

Når jeg skriver og siger gentagne at:

Jyske Bank Lyver.

Jyske Bank laver Bedrageri.

Jyske Bank Laver Mandatsvig.

Jyske Bank laver Retsmisbrug.

Jyske Bank bruger Bestikkelse / Returkommission.

Jyske Bank laver Vanhjemmel.

Jyske Bank bruger Udnyttelse.

Jyske Bank laver Fuldmagtmisbrug.

Jyske Bank misbruger bankens adgang til tinglysningsretten.

Jyske Bank laver Dokumentfalsk.

Jyske Bank laver Bondefangeri.

Så er det den rene sandhed om Jyske Banks fundament.

Anders Dam skubber kronprins helt frem til scenekanten med køb af Handelsbanken

Mens det hidtil har været ordførende direktør Anders Dam, der har kommenteret og undladt at gøre det samme, når talen er faldet på et muligt Handelsbanken-køb, så er det på handelsdagen en person, der ikke sidder i bankens direktion, der tegner handlen udadtil.

Lars Stensgaard Mørch er direktør for forretningsstrategi hos Jyske Bank og har mandag været bankens primære talsperson for dem, der har ønsket en uddybende kommentar om købet af Handelsbankens danske aktiviteter. | Foto: Jyske Bank/PR

Offentliggjort: 20.06.22 kl. 15:33

Det er nu så sikkert som et amen i kirken – hvis ellers også myndighederne er med på det – at Jyske Bank

Jyske Banks nye Direktør Lars Stensgaard Mørch, der blev fyret fra Danske Bank efter hvidvasksag for milliarder, som står bag topjob i Jyske Bank, og forventes at blive ny direktør.

Lars Stensgaard Mørch var bankdirektør i Danske Banks koncerndirektion indtil 2018, hvor Lars Mørch som følge af hvidvasksagen måtte forlade posten, altså blev fyret.

Det var Lars Stensgaard Mørch der havde det ledelsesmæssige ansvar for Danske Banks hvidvaskning gennem filialen i Estland, som også fremstår som stærkt medvirkende til købet af Handelsbanken.

Analytikere forventer at Danske Bank får bøde på 10 mia. kr. i forbindelse med den Danske Banks hvidvasksag, som Lars Stensgaard Mørch var ansvarlig for.

JUSTITSMINISTERIET

Politi

Patruljebil.

Politiets opgave er at opretholde sikkerhed, fred og orden – at føre kontrol med, at lovene overholdes, og at skride ind over for lovovertrædelser ved efterforskning og forfølgning. Politiet har også administrative opgaver, som blandt andet udstedelse af våbentilladelser. Derudover har politiet også opgaver inden for totalforsvaret i Danmark.

Politiets opgave er at føre

kontrol med, at lovene overholdes, og at skride ind over for de lovovertrædelser som den danske befolkning måtte stå bag, ved efterforskning og straf forfølgning sørger for at Loven overholdes.

Det er også rigspolitichefen og statsadvokatens opgave, at sørger for at Politiet dække over den organiseret kriminalitet og de forbrydelser som eksempelvis Jyske Bank koncernen står bag.

Jyske Bank og CEO Anders Dam i har en enestående mulighed for at politianmelde mig Carsten Storbjerg, for bagvaskelse af Jyske Bank A/S. Hvilket jeg gentager at jeg igen opfordre Jyske Bank A/S og alle jeres bagmænd til, POLITI ring 114.

Men det skal i naturligvis ikke gøre, hvis Jyske Bank og jeres bagmænd fra ledelsen og repræsentantskabet mener at jeg Carsten Storbjerg siden 2016. har skrevet sandheden om Jyske Bank og fundamentet i Jyske bank.[/caption]

Jyske Bank og CEO Anders Christian Dam er gentagende gange blevet opfordret til at politianmelde mig Carsten Storbjerg for injurier, og bagvaskelse af Jyske Bank A/S, hvis Jyske Bank ikke har lavet dokument falsk og bedrageri, for de har vel styr på deres bilag.

YouTube videoer, og her en video fra 18 maj 2021, hvor jeg opfordre Jyske Bank til at føre en injurier sag, og siger det kan give op til 2 års fængsel.

JEG OPFORDRE IGEN I DAG. 18 MAJ 2022. I EN MAIL LINK. AT ALLE I JYSKE BANK A/S.

BESTYRELSEN

OG

REPRÆSENTANTSKABET.

SAMT DERES ADVOKATER SOM PHILIP BARUCH, MORTEN ULRIK GADE, OG ALLE I JYSKE BANKS JURIDISKE AFDELING, OM AT POLITI ANMELDE MIG FOR INJURIER OG BAGVASKELSE AF JYSKE BANK A/S.

ALTSÅ HVIS DET JEG SKRIVER OG SIGER OM JYSKE BANKS OMFATTENDE KRIMINALITET IKKE ER SANDT.

Mit navn er Carsten Storbjerg Skaarup, jeg bor på Søvej 5. 3100 Hornbæk.

Mit telefonnummer er +4522227713 i kan bare komme hvis i mener jeg lyver.

Og enten så gør Jyske Bank følgende.

1. **Jyske Bank Politi anmelder mig, for injurier og bagvaskelse af Jyske Bank A/S**
2. **Holder kæft fordi jeg skriver sandheden, om Jyske Banks forretningsmetoder.**
3. **Ringer til mig på +4522227713 og beder mig om at stoppe mine tiltagende kampagner, og små drillerier mod Jyske Bank, og dem der har medvirket, direkte eller indirekte til Jyske Banks organiseret bedrageri.**
4. **Ignorer mig og kæmper for at beholde hvad Jyske Bank A/S ved brug af dokumentfalsk, mandatsvig, fuldmagtmisbrug, bedrageri med mere har stjålet.**

Det er CEO Anders Dam

ledelsen og

repræsentantskabet

Som bestemmer hvad Jyske Bank A/S står for.

Da dette her er min private dagbog, skriver jeg det jeg tænker en del på.

Jeg kan ikke hamle op med korruption og kammerateri helt op i myndighederne herunder Statsministeriet, Finansministeriet, Finanstilsynet, Justitsministeriet og Domstolsstyrelsen samt Rigspolitiet, som styre hvem der i Danmark skal overholde lovgivningen.

Det er klart at den danske stat ved folketinget, samlede set ikke ønsker at danske banker som bevisligt laver kriminalitet bliver straffet, efter det i 2013 blev aftalt at de største danske banker herunder Jyske Bank A/S ikke måtte gå konkurs, så hellere dække over Jyske Banks forbrydelser.

Anders Christian Dam og alle jeres venner, som dækker over den økonomiske kriminalitet, hvilket jeg i flere år har skrevet Jyske Bank A/S ved mange medarbejder og advokater sammen i forening står bag, hvis dette ikke er sandheden så står jeg til 2 års fængsel ifølge lovgivningen om bagvaskelse.

Straffelovens § 267. og § 268.

Derfor siger jeg igen i kan bare anmelde mig til politiet, hvis i alle sammen har rent mel i posen.

Hvis jeg har ret står Jyske Bank og flere ansatte og medvirkende til bankens bedrageri til en strafferamme på op til 8 års fængsel.

Da der er tale om bedrageri der er udført af flere sammen i forening, er det skærpende omstændigheder.

Under særdeles *skærpende* omstændigheder kan *straffen* overstige den højeste strafferamme på 8. år.

Denne her sag handler om Jyske Bank er kriminelle og skal have frataget bankens tilladelse til at drive bankvirksomhed i Danmark.

Og siden handler i høj grad om hvor langt de danske myndigheder vil gå for at dække over en bank alle ved laver bedrageri og anden kriminalitet.

[caption id="attachment_21307" align="alignnone" width="2560"]

Det kan koste din virksomhed eller dit hus at stole på Jyske Bank A/S, her set fra Jyske Bank på Gammel Kongevej 136.[/caption]

Når jeg skriver at mindst disse instanser og myndigheder som Finanstilsynet, Justitsministeriet, Domstolsstyrelsens medarbejdere, Finansministeriet, Danmarks Nationalbank, medlemmerne Folketinget, Regeringen og Mette Frederiksen, Statsministeriet, Advokatsamfundet, Advokatnævnet, Rigspolitichefen, Statsadvokaten alle sammen er bekendt med mine anklager mod Jyske Bank for organiseret bedrageri.

Hvis jeg ikke har ret i det jeg har skrevet og delt på videoer, som her på YOUTUBE, så kan i alle sammen gå sammen og lave en politianmeldelse med henvisning til Straffelovens § 267. og § 268.

I kan også vælge at gøre som hidtil.

Og håbe på jeg bliver træt, men det kommer ikke til at ske.

Hvis jeg har ret i det jeg har skrevet, som i de 2 links herunder. så skal Jyske Bank A/S fratages retten til at drive Finansiel virksomhed i Danmark.

Dette problem kæmper de danske myndighederne ved kammerateri for at undgå, også selv om der er undergravende virksomhed for et samfund der påstås at være reguleret af love og regler, men som her ved kammerateri og politisk sættes ud af kraft.

If powerful people like judges, the Public Prosecutor, the Chief of the National Police abuse their power and their position to prevent justice through camaraderie and stop an investigation and prosecution of large Danish companies like here Jyske Bank, is it then legal ?. that it is the same people who cover each other, is probably not a reason why I must not ask you who know anything about the law.

Jeg har tidligere haft nok, 2 korrupte advokater, hvor Lundgrens advokater er den værste, disse Lundgrens har modarbejdet min sag mod Jyske Bank blev fremlagt for domstolen, og jeg har derudover kendskab til 2 dommere hvoraf den ene er Højesterets dommer Kurt Rasmussen, der også må være korrupt eller være bedste kammerater med Jyske Bank, har dækket over at Jyske Bank bruger bestikkelse.

Jeg spørger her om der findes nogle dommere, som ikke dækker over den kriminalitet der udføres af danske banker, med henvisning til den kriminelle Jyske bank, hvilket jeg har bevis for, og dette er beviser som jeg har delt med myndighederne og politikerne, der ikke vil svare.

Spørg dig selv hvorfor ikke en eneste politiker eller myndighed vil svare mig Carsten Storbjerg Skaarup på mine henvendelser om Jyske Banks mange strafbare lovovertrædelser, eller på et eneste af mine

spørgsmål, som disse 3. Herunder fra 30-10-2021.

Spørgsmål 1.

Gælder loven for danske banker. ?

NEJ

☠️

Spørgsmål 2.

Skal danske banker overholde alle love. ?

NEJ

☠️

Spørgsmål 3.

Hvis loven af en bank bliver overtrådt, og overtrædelserne er beskrevet i straffelovens bestemmelser som strafbar handling.

Er danske banker så fritaget for strafansvar, efterforskning og strafforfølgning. ?

JA

📣☠️💣☠️📣

Og hvorfor den danske stat og regeringen dækker over den korruption og det kammerateri der styrer Danmark, og som ledes af magtfulde personer, så som myndighedspersoner med tråde i Statsministeriet, Retsudvalget, Domstolsstyrelsen samt Finanstilsynet og Rigspolitiet med flere.

Hvilket blandt andet sker ved hjælp af nogle de mest magtfulde advokater og organisationer i Danmark, her med henvisning og tråde til den danske Frimurerloge.

Hvorfor mon ikke en eneste af disse mægtige medlemmer har turde at svare mig, eller tage en konfrontation med mig.

19 september 2021. Lavede jeg disse 3. korte videoer, og delte dem på YouTube, i valgte også dengang at ingure mig, jeg siger at Jyske Banks administrerende direktør Anders Christian Dam skal sætte sig mandat frit, så stopper jeg med min videoer.

Video nr. 1. Tid 1.09 minutter.

Video nr. 2. Tid 1.47 minutter.

Video nr. 3. Tid 1.33 minutter.

I er alle sammen mere end velkommen til at beskylde mig for at lyve, og anklage mig Carsten Storbjerg Skaarup for injurier og bagvaskelse, når jeg skriver om Jyske Bank koncernen, og deres mange medvirkende som i forening står bag bankens organiseret kriminalitet.

Alle disse medlemmer af denne organisation, der har magten over samfundet, og bestemmer hvem der skal overholde lovgivningen og hvem der ikke skal, samtiden med at disse giver de danske Banker mere og mere magt, og indflydelse på at bankerne som Jyske Bank A/S frit kan lave betingelser som strider mod dansk lovgivning, hvilket Jyske Bank har tvunget deres 500.000 kunder til at godkende, hvis kunderne bliver klar over at Jyske Bank har laver regler der er imod loven, har kunden først skrevet under på Jyske Banks vedtægter, har Jyske Bank fuld kontrol, og er kunden utilfreds, skal kunden selv rejse en sag mod Jyske Bank i domstolene, hvor Jyske Bank har deres daglige gang.

Jeg har brug for din og befolkningens støtte og hjælpe til at gøre opmærksom på dette problem for den manglende retssikkerhed.

For når magtfulde organisationer, som danske banker laver bedrageri og anden organiseret strafbar kriminalitet, og de danske politikere og pressen ikke mener mine opdagelser, og beviser er noget som er nyttige oplysninger, og ikke vil være med til at få stoppet den omfattende korruption og det kammerateri som styre Danmark, så er danskernes retssikkerhed ikke eksisterende, når de mest magtfulde organisationer udsætter deres kunder for organiseret bedrageri.

Hvad skal jeg gøre når den danske stat samlet set ikke ønsker at gøre op med det

kammerateri der styrer samfundet, uden for ret og lov.

Jeg ville heller bruge min tid på at finde de rigtige steder at filme billeder som disse nedenfor.

Frem for at tage billeder af Jyske Bank og Jyske Bank Bilerne som du kan se her i Google Linket.

Venligst Carsten Storbjerg Skaarup

Og så længe Domstolsstyrelsens ansatte vælge at dække over den Korruption og den kriminalitet som Jyske Banks bevisligt står bag, så findes der ikke retfærdigt i de danske domstole, som ved kammerateri vælger at dækker over de største kriminelle danske organisationer.[/caption]

I have inserted some pictures of the atmosphere from 2017 to 2019, these links to my letter 06-8-2022. to the European Central Bank and are about the corruption used by Danish banks.

I come to think of these pictures that I shared in 2017. - 2019. referring to the way Jyske Bank does business, and where I am the small one against this giant, using the well-known phrase Houston, we have a problem.

CEO Anders Dam Jyske Bank is the only one who can get a customer to stop posting about Jyske Bank's dirty business methods, including fraud, forgery, abuse of power of attorney and bribery.

But Anders Dam doesn't want that.

Therefore, you will be able to find these postings advertising that Jyske Bank is behind organized crime and numerous statutory offences.

Since what Carsten Storbjerg Skaarup in Hornbaek writes about Jyske Bank is the truth about Jyske Bank's criminal business methods.

Jyske Bank should be deprived of the right to conduct financial business, including that Jyske Bank loses the right to conduct banking business in Denmark, even the Danish state and parliament reject all inquiries.

Whereby the parliament in Denmark can be complicit in Jyske Bank's fraud.

svig, vildledelse med det formål at få nogen til at foretage en juridisk disposition, fx indgå en aftale, på et urigtigt grundlag, så personen lider et tab eller udsættes for en uventet risiko for et tab. Svig kan bestå i, at forhold forties, eller at der siges noget urigtigt mod bedre vidende. Da svigagtig optræden er skadelig for det økonomiske samliv, knytter retssystemet alvorlige sanktioner hertil. Et løfte, der er fremkaldt ved svig, kan erklæres ugyldigt i medfør af Aftaleloven § 30. Dertil kommer, at svig som udgangspunkt er udtryk for forsæt til formueskade, hvorved den svigagtige adfærd resulterer i en erstatningspligt.

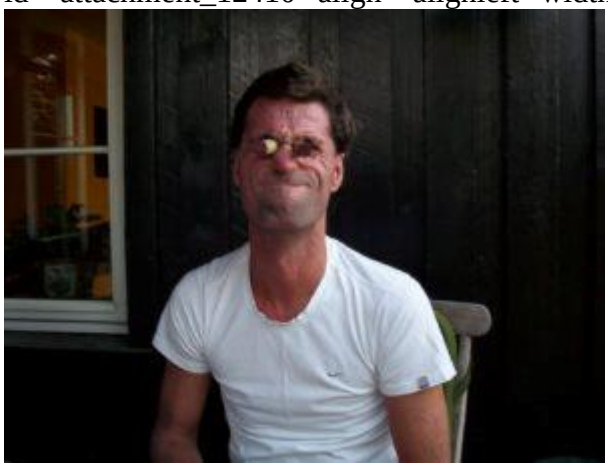
width="300"] 30/7-2019. Ingen skal sige kunde ikke prøver at komme i kontakt og dialog med Jyske Bank A/S[/caption][caption id="attachment_12410" align="alignleft" width="300"]



Jyske Banks ansatte har sagt til dem der har spurgt til sagen, at jeg bare er en småtosset kunde, men det er kun mig der må sig sådan noget, Carsten forsøger bare på en morsom måde at komme i øjenkontakt at for Anders And, mener Anders Dam til at gå til synoptik, og få nogle nye briller, for du ser da vist ikke så godt Anders Christian Dam.

-

Der er mig Carsten der forsøger at at få dig til at tale med mig.

HVAD HAR JEG GJORT JER I JYSKE BANK

SIDEN I ER SÅ MODBYDELIGE OG ONDE MOD MIG, JEG VIL JO BARE SÅ GERNE TALE MED JER.

-

Anders tag dig nu sammen og være voksen, ring og aftal at mødes med mig, er der ikke noget vi

skal tale om.[/caption][caption id="attachment_19215" align="alignleft" width="300"]

Tør du stole på Jyske bank, selvom Banken har lavet fuldmagtsmisbrug, dokumentfalsk og bedrageri mod kunde.[/caption][caption id="attachment_19457" align="alignleft" width="300"]

5/7 Stemningsbilleder sendt 8 juni. til Jyske Bank, Domstolsstyrelsen, Statsministeriet, Finansministeriet, Finanstilsynet, Justitsministeriet, Nationalbanken, Folketinget med flere.
Hvad vil i stille op med den økonomiske kriminalitet som Jyske Bank A/S står bag.
Jeg har ikke gjort andet end at drille Jyske Bank og opfordrer til dialog og samtale, så min små morsomheder kan stoppe.
Skal vi mødes og få talt sammen, måske om Jyske Banks problem med at overholde lovgivningen.[/caption][caption id="attachment_21402" align="alignleft" width="300"]

Kun et opkald og samtale med Anders Christian Dam kan stoppe mine tiltagende og forholdsvis sjove kampagner.[/caption][caption id="attachment_21438" align="alignleft" width="300"]

Døren i baggrunden er indgangen til den kriminelle Jyske Bank, hvilket flere kender bedre som den grønne slagter, der ikke lader et stykke kød tilbage.[/caption][caption id="attachment_21387" align="alignleft" width="300"]

Hvem dækker over korruptionen og de kriminelle organisationer som Jyske Bank A/S i Danmark.
Det gør Danmarks Nationalbank, Statsministeriet, regeringen ved Mette Frederiksen, Justitsministeriet og Domstolsstyrelsens ansatte ved korrupte dommere, som Højesteretsdommer

Kurt Rasmussen, desliger med Byretsdommer Søren Ejdum.
Disse af domstolsstyrelsens ansatte dækker over Jyske Banks organiseret kriminalitet.
Samt dækker over at Jyske Bank også har bestukket Lundgrens advokater.
Og dækker over at Jyske Bank A/S har betalt Lund Elmer Sandager advokater til at fremlægge falske oplysninger over for domstolen, hvilket var for at dække over Jyske banks brug af dokumentfalsk og bedrageri.[/caption]

Når Danmarks Nationalbank sammen med Justitsministeriet, Finanstilsynet, Finansministeriet, regeringen, domstolsstyrelsen, rigspolitiet, politichefen København, anklagemyndigheden og mange flere, alle dækker over den kriminelle Jyske Bank A/S, og reelt modarbejder retfærdighed, og dermed bliver medvirkende til at danske banker som Jyske Bank A/S kan udføre og fortsætte med at lave organiseret bedrageri.[/caption]
