**I expect the board and the board of representatives of Denmark's Nationalbank to respond and rule on the information that Jyske Bank A/S has committed organized crime, and will also take notes for the book I want to write. That if Denmark's Nationalbank does not act on the information the bank has received about Jyske Bank's many criminal offenses, the reason must be that Nationalbank wants to cover up Jyske Bank, just as the Financial Supervisory Authority does.**

And a copy to the Danish authorities who cover up  
the crime that Jyske bank is behind, and the bribery  
of Lundgren's lawyers.

I have to make a request to all of you who are associated with Denmark's Nationalbank.

Will you consider whether you will continue to help cover up the crime that the National Bank has been informed that Jyske Bank A/S is behind, or whether there is an independent whistleblower scheme.

That takes care of criminal banks. Because if Danmarks Nationalbank wants to bet on law and order, Denmark's Nationalbank cannot use a law firm like Lund Elmer Sandager.

Who has proven to lie repeatedly to the court.

I am fully aware that I am up against strong forces in Denmark, forces which clearly want to protect the corruption, of which they themselves are a part.

I must request that the National Bank's board of directors and representative office assess whether Jyske Bank violates the legislation and the rules in order to have a license to operate a bank in Denmark.

About a law firm that lies for Jyske Bank A/S in legal matters.

And this at the same time that [www.LEF.dk](http://www.LEF.dk) Lund Elmer Sandager lawyers themselves work for Jyske Bank A/S.

All of you who are employees and members of Denmark's Nationalbank.

That is, the board and the board of representatives of Danmarks Nationalbank, would you please reply to and answer this email.

All information and materials are used for the book I am writing about the corruption in Denmark, in which several lawyers, authorities, members of the Danish Judicial Agency and the government are involved.

If there are some of you who believe what I write to be conspiracy theories, I would like to stand up for a TV debate, which would require state TV to publish my evidence, for what I say and write.

I have written to the National Bank of Denmark several times, and not once have some of you wanted to answer my inquiries.

Since I want to write a book about corruption in Denmark and how it works against justice and counteracts the law.

I have collected a lot of material about the many authorities and members of the elected representatives who cover up Danish criminal banks.

Since Lund Elmer Sandager is a lawyer, partner Philip Baruch several times, has lied in the case I write about on [www.banknyt.dk](http://www.banknyt.dk)

The case which I have shared with both the government, the Danish Financial Supervisory Authority and Denmark's Nationalbank, to which I have presented information that Lund Elmer Sandager lawyers have presented false information to the court

Which Lund Elmer Sandager has carried out, to cover up Jyske Bank's use of punishable offences.

Such as fraud, forgery, abuse of power of attorney.

As well as Lund Elmer Sandager lawyers at least by Philip Baruch, and probably together with CEO Anders Christian Dam Jyske bank, have been involved in Jyske Bank A/S having bribed our earlier Lundgren's lawyers, to oppose the presentation of our case against Jyske Bank.

Since Lund Elmer Sandager lawyers are employed by Denmark's National Bank, Lund Elmer Sandager lawyers are hardly the most obvious ones, who can vouch for my information about Jyske Bank committing organized crime.

Danmarks Nationalbank and the Danish Financial Supervisory Authority hold regular meetings, which also aim to ensure that Danish banks comply with the legislation.

**There is not a single one who has wanted to answer my accusations and claims.**

**Which is aimed directly at.**

**Jyske Bank A/S uses fraud, forgery, exploitation, bribery and much more.**

**And against Lundgren's lawyers, for accepting bribes and for undermining the client's economy.**

**But also against Lund Elmer Sandager lawyers for lying in legal matters, in order to cover up, that Jyske Bank is behind organized fraud.**

And probably both witness and accomplice that Jyske Bank A/S was able to bribe Lundgren's lawyers not to present the client's fraud and false allegations against Jyske Bank A/S.

The screenshot shows the website for the National Bank of Denmark's whistleblower reporting scheme. The page is titled "NATIONALBANKENS WHISTLEBLOWERORDNING". On the left, there is a navigation menu with various links. The main content area features a large image of a cityscape at sunset and a text block describing the reporting process. The text states that the reporting channel is confidential and independent, and that reports are handled confidentially and under secure conditions. It also mentions that the bank has chosen an external law firm, Lund Elmer Sandager, to handle reports.

**NATIONALBANKENS WHISTLEBLOWERORDNING**

Danmarks Nationalbanks whistleblowerordning er en fortrolig og uafhængig kanal, hvor bl.a. Nationalbankens ansatte, bestyrelse og repræsentantskab samt ansatte hos bankens leverandører og andre samarbejdspartnere kan indberette visse overtrædelser af EU-retten, alvorlige lovovertrædelser eller andre alvorlige forhold. Det kan fx være indberetning om økonomisk kriminalitet, brud på sættelse af løstvedtægter, seksuel chikane eller anden grov chikane.

Whistleblowerportalen sikrer, at alle indberetninger behandles fortroligt og under sikre rammer. Det er også muligt at vælge at indberette anonymt.

Nationalbanken har valgt at udpege et eksternt og uavløst advokatfirma, Lund Elmer Sandager, til at modtage og følge op på eventuelle indberetninger under whistleblowerordningen.

Indberetning kan ske skriftligt og ved anvendelse af webformularen, der er tilgængelig på whistleblowerportalen.

Du kan læse mere om Nationalbankens whistleblowerordning, og hvordan indberetninger behandles på whistleblowerportalen og i den uddybende vejledning om Nationalbankens whistleblowerordning.

Denmark's Nationalbank's whistleblower scheme is a confidential and independent channel where, among other things, Denmark's Nationalbank's employees, board of directors and board of representatives as well as employees of the bank's suppliers and other business partners can report certain violations of EU law,

serious legal violations or other serious matters. This could be, for example, a report on financial crime, breach of confidentiality, sexual harassment or other serious harassment.

The whistleblower portal ensures that all reports are treated confidentially and under secure conditions. It is also possible to choose to report anonymously.

**Denmark's Nationalbank has chosen to appoint an external and impartial law firm, Lund Elmer Sandager, to receive and follow up on any reports under the whistleblower scheme.**

---

**But since Lund Elmer Sandager lawyers are actually complicit in Jyske Bank's fraud, and I have no chance of winning over the criminal Jyske Bank in the High Court.**

**The case itself is less important to me.**

**I still cannot win over the corruption that has also infiltrated the Danish courts.**

**And I would rather, in front of other nations write about the crime. That Danish banks are behind.**

And **informed** that the Danish government and the authorities are covering up. **And then I think that I would like to sell the company, and provide documentation, that Denmark is ruled by corruption.** When the largest originators are behind extensive fraud against their customers.

**I expect the board and the board of representatives of Denmark's Nationalbank to respond and rule on the information that Jyske Bank A/S has committed organized crime, and will also take notes for the book I want to write.**

**That if Denmark's Nationalbank does not act on the information the bank has received about Jyske Bank's many criminal offenses, the reason must be that Nationalbank wants to cover up Jyske Bank, just as the Financial Supervisory Authority does.**

**And some more, such as the press and foreign authorities.**

**I hereby ask again as a Danish citizen.**

**Will you refrain from ruling on information that there is a criminal bank that does business for and with the Danish state.**

**Or perhaps you want to cover up the fact that Jyske Bank has committed several criminal acts of organized crime.**

**Here is what I have written to Denmark's National Bank. Please read it and feel free to ask if there is anything that cannot be understood, or if you lack more evidence, before Jyske Bank you can be deprived of the right to operate a bank in Denmark.**

**You must act on the information you receive.**

<http://banknyt.dk/24-07-2022-mail-to-denmarks-nationalbank-it-is-denmarks-nationalbank-that-is-ultimately-fully-responsible-and-the-the-danish-financial-supervisory-authority-due-to-corruption-will-not-investig/>

Read what I share in this mail from this homepage to the Denmark's Nationalbank 24-07-2022. time. 15.11.

Since the Danish Financial Supervisory Authority is covering up Jyske Bank's crimes, and on top of that, has allowed Jyske Bank A/S to buy the Swedish Handelsbanken, it only makes the Danish financial scandal grow, and when the Danish State and government do not themselves want to stop the corruption in Denmark.

[caption id="attachment\_22563" align="alignnone" width="300"]

Nationalbanken tilkendegiver sine holdninger til ny finansiel lovgivning bl.a. ved afgivelse af høringsvar. [Det er Finanstilsynet, der fører tilsyn med de finansielle virksomheders overholdelse](#) af den finansielle regulering i Danmark.

Problemet er bare at Finanstilsynet dækker over bankers brug, af kriminelle og strafbare forbrydelser, Vi taler om JYSKE BANK A/S.[/caption]

[This email of 23 July 17.53. to Denmark's Nationalbank is a direct call to ensure that the Nationalbank's control, the Danish Financial Supervisory Authority, initiates and investigates the evidence that has been presented and shared about Jyske Bank and the bank's use of criminal activities.](#)

It is Denmark's Nationalbank that is ultimately fully responsible, and the The Danish Financial Supervisory Authority, due to corruption will not investigate a bank's crimes, in order to counteract LAW and ORDER, and in that way, when banks like Jyske Bank A/S are actually committing fraud against their business customers.

Remember that conversation gives understanding if I have misunderstood something, but let's meet and talk together, I will gladly bring my evidence to document what I write.

**The problem is CEO Anders Christian Dam and he must step down before he damages Denmark's reputation.**

**It is Denmark's Nationalbank which has the highest responsibility for ensuring that Jyske Bank A/S does not commit punishable offences.**

**And this regardless of the fact that Denmark's Nationalbank has assigned the Financial Supervisory Authority to this task.**

**If Denmark's Nationalbank can't not see that it is a problem, that Jyske Bank A/S has a banking license, and has not been put under strict supervision.**

[caption id="attachment\_17507" align="alignnone" width="300"]

Jyske Bank never believed that the bank's fraud would be discovered, but the bank's criminal gang of members forgot an important detail, and that was that the customer who was seen as an easy victim, as he was critically ill survived and has taken up the fight against criminal banks.[/caption]

Then they can only be because Denmark is deeply corrupt.

Now you can all think again about what Denmark's Nationalbank wants to do about it.

[caption id="attachment\_22564" align="alignnone" width="300"]

**Denmark has brought itself into an extensive scandal. Because the Danish state and the government and the State Ministry, and also Denmark's Nationalbank allow Danish banks Jyske bank to commit organized crimes.[/caption]**

**Regarding the problem I am writing to you about again, regarding Jyske Bank's many punishable offences.**

**As long as Jyske Bank has not been subjected to investigations / investigations of my claims and evidence, then no one should say that Jyske Bank A/S is not behind extensive criminality.**

**Denmark's Nationalbank can choose to sweep this problem under the carpet.**

**And then Denmark's Nationalbank together with the Danish Financial Supervisory Authority, can counteract Law and Justice, by blocking the mining of many pieces of evidence against Jyske Bank, for the use of crime.**

**Whether it is exploitation, forgery, bribery, fraud, abuse of the bank's access to land registration rights and more.**

**This is, as the Denmark's Nationalbank itself says a SCANDAL.**

**And when the problem with this criminal Jyske Bank A/S lies with Denmark's Nationalbank.**

**Then you, and the Danish politicians, which is part of Denmark's Nationalbank board of directors, you can choose not to answer me, and make sure that you all continue to cover up Jyske Bank's crimes, or we can say or call it business methods.**

**Jyske Bank A/S and their managing director Anders Christian Dam have since May 2016 been able to correct when I first wrote to Jyske Bank's management.**

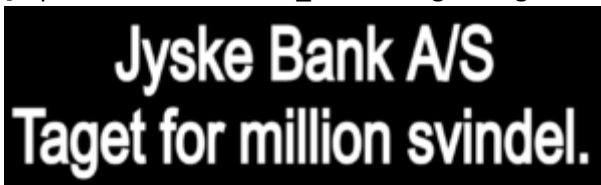

**I think I am the victim of a huge fraud, in order to correct it.**

I have had instead to fight against an organization, that does not hesitate to use bribes to beat the small customer to the ground.

Is it in this way that Denmark's Nationalbank wants the Danske Banker to run their banks.

This is a request to the Danish Nationalbank to ensure order among Danish banks, and ensure that Danish banks also complies with the law and does not commit punishable crimes.

[caption id="attachment\_14816" align="alignnone" width="300"]

**Jyske Bank A/S**  
**Taget for million svindel.**

Jyske Bank can just bring a case against me for slander if Anders Dam has clean flour in the bag and dares, but we are dealing with a cowardly manager who hides behind lawyers who themselves present false information to the courts. [/caption]

I urge Denmark's Nationalbank not to close their eyes to what I write.

And therefore I request that Denmark's Nationalbank initiates, or arranges to initiate, an investigation into the claims I have presented, and which I have shared on [www.banknyt.dk](http://www.banknyt.dk)

Then it is Denmark's Nationalbank which is responsible for Jyske Bank, as a bank criminal, being able to continue banking in Denmark.

And some have to write about this problem with criminal Danish banks, and the corruption that is harmful to the Danish country.

And so it becomes me, And I will continue writing until Jyske Bank A/S by their CEO Anders Christian Dam himself, calls me on +4522227713, to arrange a meeting so we can talk about what I write.

It is no longer a secret, that Denmark is corrupt.

But how bad is it.

That is why I, Carsten Storbjerg Skaarup, am writing to Denmark's Nationalbank.

Because if this Danish state bank is also helping the danish government to cover up the corruption, that Jyske Bank has paid Lundgren's lawyers not to present my case against the Jyske Bank, then Denmark's Nationalbank entire board again will stick their heads in the bush.

[Read the email 23-07-2022. time. 17.53 which is shared here.](#)

If the Danish state, the government and the Denmark's national bank also ignore this emails, and competition, which is really about Jyske Bank's suitability to have permission to operate a bank in Denmark, then it must be due to internal agreements to cover up the crime Jyske Bank A/S is demonstrably behind.

Of which other governments must of course be informed, about the corruption that governs Denmark, so if there are some who want to ask questions, if it is not time for you to call me on +4522227713. and begins to take about this seriously problem for Jyske Bank, and now also for Denmark, which as a nation covers organized crime, carried out by Denmark's second largest bank, Jyske Bank, and it is a problem that the Danish state itself participates and helps to undermine legal certainty, just to help criminal Danish banks.

About corruption in Denmark as I write, until the release.

[August 1 at 6 p.m press Release.](#)

If you would like a copy of the new emails to the Danish state and government together with the Danish Financial Supervisory Authority and the State Ministry as well as Jyske Bank and their many assistants, write here to [banknyt@gmail.com](mailto:banknyt@gmail.com) and write that you want to be kept up to date and informed about the organized crime that the Danish state covers.

I believe that Jyske Bank will damage Denmark's reputation if CEO Anders Christian Dam still refuses to answer and talk to me, says Carsten Storbjerg to BANKING NEWS.

If I have made a mistake that Jyske Bank does not run an organization that commits financial crime and uses fraud, documents false, uses bribes, and lies in court to cover up Jyske Bank's fraud.

Who in the world dares to take a confrontation and talk to me.

I only want Jyske Bank to be deprived of their license to conduct financial business in Denmark if I am right in what I write and have shared with the Danish state and government.

Which I say by inaction covers Jyske Bank's business methods, why law and order as well as justice do not exist in Denmark when corruption is a subversive activity against the rule of law in Denmark.

Is there not a single Danish politician or authority that wants to put an end to corruption in Denmark.

[Mail 17-07-2022. Dear Jyske Bank A/S and CEO Anders Christian Dam, and The Danish state and the government.](#)

Jyske Bank has major problems, and you may risk losing your license to run a banking business in Denmark, and then the board uses such meager forces to avoid me, when it is now me who becomes

Jyske Bank problem, if Jyske Bank does not resolve our conflict, Call me Anders Dam before the press starts writing about Jyske Bank committing fraud and forgery.

Jyske Bank I say the bank Jyske Bank, that there is the reason for the scandal.

Jyske Bank A/S I say to the bank Jyske Bank, that ther is a reason for the scandal.

And Jyske Bank Just say, We take it as a JOKE, which to me is incomprehensible as Jyske Bank risks being closed, and Jyske Bank's shareholders will lose a lot of money.

[Mail 16 and 17-07-2022. Information on the possibilities of corruption in Denmark, which has been carried out by subversive activities by counteracting law and justice in Denmark, for the citizens.](#)

See the rest of the page here [www.banknyt.dk](http://www.banknyt.dk)

And please apply so that Denmark's Nationalbank stays unbiased with all posts about Danish banks that use fraud and bribery, which I write about here on the page [www.banknyt.dk](http://www.banknyt.dk)

I will not stop my fight for a Denmark without corruption and corrupt lawyers until there are some of me who want to talk to me about this huge scandal for Denmark.
