It is no secret that the politicians in Christiansborg have until today refused to deal with the fact that the Danish State cooperates with and uses a bank that deliberately commits fraud and uses bribery, this has emailed to get the problem of criminal banks taken care of in Denmark and the corruption that thrives and controls who must comply with the law and who does not have to comply with the law.

The Denmark's Nationalbank
Langelinie Allé 47
2100 Copenhagen

Director Lars Rohde.

11. august 2022. 01.00 p.m.

This email has been shared with the European Central Bank, as this is also about a disregard of the law, which gives Danish banks free rein to violate all laws and regulations.

info@ecb.europa.eu

My question to the ECB is whether Danish Banks are not subject to the legislation, I have repeatedly asked this question to the Danish authorities, who all refuse to answer. I therefore suspect that the problem is that the Danish state has covered up Jyske Bank A/S, and continues to want to cover up Jyske bank's offences, which I wish to draw the European Central Bank attention to.

Please read my email and attached document.

And then decide whether it is right to cover up the many crimes of the provisions of the Criminal Code.

Which has been stated several times and received documentation that Jyske Bank A/S is demonstrably behind it.

I have already requested a meeting with the National Bank, afterwards I want a similar meeting with the Government and the Danish Financial Supervisory Authority.

After all, it is your responsibility that Jyske Bank complies with all laws and regulations, at the meeting I will make it absolutely clear to all of you that Jyske Bank A/S has major problems with understanding and complying with the law, and that there are rules that apply for Danske Banker.

I reserve the right to record the meeting, so that I can document what you will answer when I present documentation for my claims against Jyske Bank A/S

Jyske Bank A/S and the bank's management and CEO Andres Christian Dam have not wanted dialogue, and rejected any approach by ignoring all my inquiries.

That is why I am now writing to each of you.

I will of course share this email with the ECB.

Director Jesper Berg, who is also bank director for Nykredit.

**The Government and Prime Minister Mette Frederiksen.
Prins Jørgens Gård 1.

If some of you have something to add, maybe something you want to correct, or maybe you want to talk to me soon.

For Denmark as a state has a problem when the state together with the authorities cover up criminal Danish banks.

Since no Danish authority, no Danish politician, or some of the lawyers who have actually helped Jyske Bank with fraud, want to dialogue with me as a victim of the fraud Denmark's second largest bank has carried out, with several people together in association.

Then I orient the European central bank, around the problem that Denmark has some problems with banks that violate the legislation in order to have permission to conduct banking business in Denmark, and that the state itself has not managed to get these banks like here Jyske Bank to comply laws and rules.

When Denmark itself cannot keep track of the banks that, like Jyske Bank A/S, demonstrably do not comply with Danish legislation, and do not comply with the rules for having a license to conduct banking business in Denmark.

And that the Danish State has also been informed that Jyske Bank has violated several more of the provisions of the Criminal Code, but has not managed to act on the information and evidence that has been shared.

And if not, someone can disprove my claims and contradict what I write on YouTube says.

And the Danish state, and the National Bank still do not know how Denmark should deal with a bank that is proven to be behind organized crime.

And even after I had a meeting where I personally presented Jyske Bank's many offenses to Danske Nationalbank director Lars Rohde.

Then I would strongly recommend, that the Danish Nationalbank itself addresses a direct inquiry to the European Central Bank, in order to get information on how the Danish state should deal with the banks that have repeatedly violated many laws and regulations.

Here you can read what I write on the front page, remember that I am dyslexic and have no formal education, I am simply writing about my experiences with criminal Danish banks, and the corruption and cronyism in Denmark that prevent justice and are a subversive enterprise for a country that was supposed to be a rule of law.

I have written in my diary since 2015-2016, and have written many times both to the Danish authorities and to Jyske Bank's boss CEO Anders Christian Dam.

At no time has a single one of you wanted to talk to me, and no matter how much you want to cover up the crime the Danish bank Jyske Bank A/S is behind, I will fight just as hard to enter into a dialogue, not only with Jyske Bank A/S also with the Danish authorities who have chosen to cover up Jyske bank's crimes.

If someone in the Danish State, government or authorities or perhaps Jyske Bank A/S would like to explain themselves, I would really like you to call Carsten Storbjerg Skaarup with not all of you, will cover up that Denmark has a problem with banks that refuse to comply with Danish legislation.

Because you should all have red ears, the question is just how long you think you have it to help Jyske Bank with organized crime, without risking becoming an accomplice yourself.

You can just talk to me, then I wouldn't have to write all the time.

As I have repeatedly said and written, if I have made a mistake, I correct it and apologize.

But if I am not mistaken, you all have a problem and it is Jyske Bank A/S and its board of directors, whether this bank has a future as a bank in Denmark.

The question is how long the Danish population will have to put up with the fact that the Danish state and government cover up Banks that, like Jyske Bank A/S, clearly refuse to comply with the law, as corruption and cronyism in Denmark is a contributing factor to not a single wish to take up the problems surrounding Jyske Bank A/S and the bank's violation of the legislation.

I want to make a difference and that this is taken seriously, and it should not just be me being so dry, and I want to write about bribery and fraud carried out by Danish banks.

Regards

Hej Carsten. Tak for din besked (dine mange beskeder).

Vi kan og vil ikke forhindre dig i at offentliggøre præcis det, du vil - og vi er meget enige i, at man kommer længst med ærlighed og dialog, men vi har ikke et svar til dig her på Facebook. Din sag ligger hos juristerne; de kender sagen og sagens gang. Du kan være helt sikker på, at en dommer vil kigge på dokumentationen; på beviserne. Sådan er juraen heldigvis indrettet. ☺

Det er muligt at Jyske Bank påstod de vil rette og hvis de laver fejl, det vil sige hvis en er der ikke tale om en fejl, men en bevis handling, for Jyske Bank vil ikke svare, eller på nogle måde i dialog, omkring FALSK & SVIG

Det ligger os meget fjernet at binde nogen noget på ærmet. Laver vi fejl - og det sker selv for den bedste bank - så retter vi op på fejlen så godt, vi kan. Hvis du mener, at vi har lavet en fejl, så tag en snak med din rådgiver eller lokale afdeling, med afdelingsdirektøren eller forretningsdirektøren. Det er du meget velkommen til.

Du kan også til hver en tid sende en klage. Du kan se dine muligheder på www.jyskebank.dk/kontakt/klage/utifreds

Take part in this competition for free, and win up to DKK 54,000 you really just have to disprove that Jyske Bank A/S is behind organized crime, which is done with the intention of deceiving their customers, as I have written on the homepage banknyt.dk

There are 9. chances to win DKK 5,000.
It's quite easy, every time you can disprove what I write, you will win.

But because this is so funny, that even in Jyske Bank they say. We take this car as a JOKE.

JYSKE BANK
Jyske Bank by CEO Anders Christian Dan, has not been able to disprove a single one, of the 9 questions, so you can still win.
