

To the Prime Minister's Office, Prime Minister Mette Frederiksen, the Judicial Committee, and to each of the 179 members. and the authorities.. / To the Danish State. I am asking the Danish Parliament to answer my inquiries when I ask the government whether you want the Danish population to accept in the future that the Danish authorities and politicians cover up the Danish banks that carry out organized crime, or do you want to take action on the knowledge and evidence you have received from me.

05-09-2022-

To the Danish Parliament and authorities.

I request you as Danish politicians and authorities to read the attached letter, which is a copy of my diary report from banknyt.dk inserted in the letter

Below is a section of the letter, it is at the top in Danish, which I have googled translated, for those who would rather have it in English.

I am asking here if it is not a problem that the Danish State does not act on information about Danish banks that do not comply with Danish legislation.

If I have to accept that Jyske Bank is deceiving the bank's customers, here it is me and my company.

Then I must request that you write, Danish Citizens must accept that banks do not have to comply with any laws or regulations.

And the Danish authorities are free to decide whether they want to cover up some criminal matters, as it serves the interest of the Danish State to cover up criminal Danish banks, as here.

If this is a misunderstanding then you have to talk to me, because I don't find myself in your silence, because you hope that I will get tired, it's not going to happen.

But what is your share in covering up banks that commit criminal acts.

Are there any of you 179 Danish politicians who think this is funny, or what do you want to do about it, Jyske Bank knows that you, as a person in power, cover up Jyske Bank's many criminal acts, and therefore their CEO Anders Dam refuses to have an interview with me, because if it was just a little misunderstanding.

Someone needs to come and shake things up, because corruption in Denmark must be stopped.

And I would like to be the one who takes the first step so that Denmark can be free of not only corrupt lawyers, but also the judges who cover up crimes, it should be the politicians themselves who take up this problem.

You must be aware that cronyism and corruption are the same, and if there are some of you who do not agree, then you must speak up.

I would like some help to make the Danish population aware that Jyske Bank is breaking the law and the Danish authorities have covered it up to this day.

I am asking you to stop covering up banks that have proven to have committed criminal acts.

det jeg skriver her på bilen er sandt.
Jyske Bank A/S og deres leder CEO Anders Kristian Dam
Er gentagende gange blevet opfordret til at gå til politiet.
Men altså kun hvis Jyske bank A/S, ikke ved flere medarbejder som
Mindst ved Nicolai Hansen, Jeanet Kofoed Hansen, Casper Dam Olsen
Morten Ulrik Gade, Philip Baruch med flere, har medvirket til bedrageri.
Og har lavet eller dækket over Jyske Banks brug af
Bondefanderi, Dokumentfalsk, Bedrageri, Retsmisbrug, Vanhjemmel, Tvang,
Misbrug af Jyske Banks adgang til tinglysningsretten, Fuldmagt misbrug,
Bestikkelse / Returkommission, vildledning, Ond Tro, Svig, Falsk, Lyver m.m

And here a small excerpt from the attached letter, which has not been corrected, and there are many pages, so take the time to read them from your PC. and print it out in will talk about, I request that you take a debate inside parliaments "The Folketing."

And if criminal banks haven't caught your attention by now, this is an eye opener.

I have written to you many times.

And to date, not one of you has wanted to answer a single one of my inquiries, not one of you has wanted to answer or enter into a dialogue with me, regarding the many criminal acts that I accuse Jyske Bank A/S and the management of, together with a number of employees to stand behind.

Your silence indicates more that we are talking about a scandal, and that with many actors who have promised their tasks, I am not aware whether you yourselves, as politicians and civil servants, have a whistleblower scheme, and if so whether there are some who have used it.

If I am not right in what I write, I must request that you respond, if there are some of you who do not agree with my accusations against Jyske Bank A/S

Those of you who may disagree with what I write about Jyske Bank A/S having committed organized crime, according to the dictionary and the explanations of the law, please reply and write to me personally, at banknyt@gmail.com or to my private email Carsten.storbjerg@gmail.com

Your answers will be included in my book, and any non-answers will be registered as you agree, but I ask you all to take part in a debate in the Norwegian Parliament and vote for whether all the politicians will continue to cover up Jyske Bank's many criminal acts, or if you make an urgent law exempting Danish banks from having to comply with Danish law.

Will you, as the recipient of this email, help to cover up Danish banks' violations of the law, and at the same time help to undermine Danes' legal certainty.

Or.

If you want to act on the information you have received to date, you could start by looking at the evidence that I presented to the Norwegian Parliament on 1 May 2019, i.e. before I knew that the Lundgrens were lawyers in the case against Jyske Bank A/S, already in the spring of 2018. had been bought and paid for by Jyske Bank A/S so that Lundgren's lawyers could not present some of our accusations against Jyske Bank A/S

I would think that those of you who continue to ignore my inquiries, and who passively still cover up Jyske Bank's crimes, will be described as complicit, which you are encouraged to investigate, and answer me if you become complicit in Jyske Bank's fraud, by to cover up the bank's crimes, and by obstructing justice.

Your answers will later be included in whole or in part in my book about corruption, cronyism about bribery in Denmark, my book is no longer only about Jyske Bank, but about the center of power "the people's parliament" and whether you will cover up Jyske Bank's crimes.

Crimes involving Jyske Bank A/S bribing Lundgren's lawyers not to present the client's case against Jyske Bank A/S. And that, among other things, Supreme Court Judge Kurt Rasmussen has helped to cover up the corrupt Lundgren's lawyers, and that also District Court Judge Søren Ejdam in the District Court has omitted the statements of the witnesses that damage Jyske Bank's presentation in the civil court, with reference to the complaint submitted to the special the complaint, as well as that judge Søren Ejdam did not take into account in his rejection of the case that Jyske Bank used fraud, was in bad faith, fabricated, and led Jyske Bank's customer astray.

If Jyske Bank does not close this case itself, and is acquitted by a verdict, Danske Banker will in the future be able to lie all they want, and will be able to forge documents and commit fraud with impunity, and lead their customers astray without this having any consequences, why the Agreements Act must be rewritten, and sections such as 30, 31, 30, 36, can be removed in whole or in part.

xxx

It is of course the Danish politicians and the National Bank, together with the Financial Supervisory Authority, who bear the responsibility for whether you want to contribute to Jyske Bank being allowed to commit fraud, forge documents, use bribes and at the same time function as a bank for the Danish state.

IT'S YOUR DECISION.

I can only write in my book how the Danish politicians, as mentioned, work together with the authorities to secure the justice that the Danish people believe is best for the Danish people, when Danske Banker, as here where Jyske Bank A/S, commits fraud, as is factually the case presented here, with documentation.

Here is a bit of partial documentation, but what I want to present to the Prime Minister's Office will be presented in a timeline, with reference to violations of criminal law provisions where Jyske Bank is acting in bad faith and by using forged documents is committing fraud.

Remember that it is you who have chosen to cover up Jyske Bank instead of helping a victim of the bank's use of many criminal offences, I would prefer something else, but some have to speak up, I will, because if I don't, is it really crap for the rule of law in Denmark.

In the National Bank of Denmark, they have for several years internally referred to my case as a scandal, but they do nothing.

With best regards
