Subject: Since I do not want to be a customer of a Danish bank that also makes a living from doing organized crime, I must hereby terminate all agreements that may exist with the Jyske fraud bank Jyske Bank A/S. I thought it was sad that the Danish state and government support banks that also forge documents, abuse powers of attorney, commit fraud and use bribery, Denmark should not allow such criminal banks, but the Danish State and the government support both criminal Danish banks and thereby contributing to banks' use of bribes, this is a scandal which I am writing about.

Bedes delt med alle i Jyske bank koncernen, og mindst de som er nævnt i de vedhæftede dokumenter.  
Please share with everyone in the Jyske bank group, and at least those mentioned in the attached documents.

The Jyske Bank A/S group.

By Anders Christian Dam, Niels Erik Jakobsen, Per Skovhus, Peter Schleidt and Lars Stensgaard Mørch. as well as all the rest of you.

My latest video, there will probably be many more, unless you ask me nicely not to.

<https://youtu.be/POYS08NJ1-c>

I have hereby canceled the account I have left in the Jyske Bank group, as I do not want to be a customer of a bank that openly commits fraud against the bank's own customers.

You can close my account at the end of December 31, 2022.

Please read the attached documents, which are a copy of [www.banknyt.dk](http://www.banknyt.dk) here I give an explanation, which I partially insert below.

JYSKE BANK BILEN. / Banking News.

UPDATED LATEST 29-12-2022. Time. 15.30. the page is at Dk and ENGELSK.

## Warning against trusting the Danish State as cover the biggest criminal Danish banks as Jyske Bank A/S.

Here you can download a copy of the Banknyt page as it appears on 29 December 2022. shared with the Jyske Bank group and the bank's criminal masterminds.

Since Jyske Bank is deeply criminal, and has exposed both me and my small business to organized fraud, I no longer wish to be a customer of this highly criminal Danske Bank.

I will therefore cancel my account 5050 1432988 in Jyske Bank AS with effect from 31/12 2022.

Below, you will find copies of the latest emails at danish, to Jyske Bank and the Danish State as

well as the Danish government, which the authorities. "The government." together with ATP and the Jyske Bank group and others, have all still ignored.

KLIK OG LÆS igen..

07-12-2022. kl. 17.49. Gmail – Hvad vil den Danske Stat og Jyske Bank fortage sig til denne her skandale om Danskernes retssikkerhed, for de har jo ingen retssikkerhed når Banker laver bedrageri, og derfor er dette en skandale der ligger foran døren til Ikke kun Jyske Bank med også for dem der reelt har medvirket. HAR I NOGET AT TILFØJE TIL MIN BOG. eller har jeg misforstået noget.

07-12-2022 kl. 18.31. Mail. Mangler stadig at anmode til nogle møder, Anmoder om at få et møde, for en fremlæggelse af Jyske Banks brug af organiseret kriminalitet. Jeg har skrevet kontinuerligt til den danske stat om den organiseret kriminalitet i Danmark. I har ikke svaret, hvorfor jeg konstaterer, at de danske myndigheder selv dækker over den økonomiske kriminalitet, som eksempelvis Jyske Bank bevisligt står bag, dette skriver jeg en eller flere bøger om, hvilken i som myndigheder er en medvirkende årsag til, i kan hvis i har indsigelse til det jeg skriver, og påtænker at skrive, selv medvirkende og rette eventuelle fejl. dette kan ske ved at i tager mod invitationen om det møde jeg gentagne gange har opfordret og anmodet om. Jeg ønsker personligt at fremlægge af mine mange beviser, overfor for første, Statsministeriet og Danmarks nationalbank samt Finanstilsynet. Jeg har flere beviser for at Jyske Bank står bag organiseret bedrageri.

11-12-2022. kl. 14.52. mail. Mit forslag er enkelt, og er en løsning der ikke koster Jyske Bank A/S en eneste krone. Dette er det billigste og det bedste forslag, hvis det er penge der betyder mest for Jyske Banks direktion, fred er også at jeg kun skriver min bog om korrupsion i Danmark, og hvem der er medvirkende til at dække over det jeg skriver Jyske Bank stå bag.

23-12-2022. kl. 12.31. Since I am writing a book about how corruption and cronyism rule Denmark, I will once again bring my call to the Danish state for the informants involved, as well as the many criminals in Jyske Bank A/S, to be interviewed for use in the content of my book, and I ask you to accept my evidence that Jyske Bank is behind extensive crime, I still want to present this to the Prime Minister's Office, the Ministry of Finance, the Financial Supervisory Authority, the Ministry of Justice, the National Bank, the Danish Courts Authority and, not least, the Danish politicians in the Folketing. In other words, the many participating politicians who are aware of Jyske Bank's use of fraud and forgery as well as abuse of power of attorney, but who cover up the organized crime which Jyske Bank A/S is behind, have no comments on what I write, so answer that you are agree, and say I can't stop corruption and cronyism in Denmark, my task is simply to write about it and warn others.

This only emphasizes that the Danish State continues to support not only criminal banks, but also the corrupt lawyers who, like Lundgren's, are instrumental in at least the organized crime that Denmark's second largest bank Jyske Bank, is behind.

Da Jyske Bank er dybt kriminelle, og Nicolai Hansen sammen med Jeanett Kofod-Hansen har startet og udsat både mig og min lille virksomhed for organiseret bedrageri hvilket koncernledelsen og repræsentantskabet støtter op om, ønsker jeg ikke længere at være kunde hos denne stærkt kriminelle Bank, jeg vil derfor opsige alle konti og eventuelle aftaler jeg måtte have i denne svindel bank.

Jeg vil derfor opsige min konto 5050 1432988 i Jyske Bank A/S pr. 31/12 2022, og bede Jyske Bank bekræfte om senest i morgen 30 december, at bekræfte jeg ingen aftaler, lån eller konti har i den Jyske svindel Bank, altså Jyske Bank A/S.

På den måde slippe Jyske Banks ansatte også for at lyve om at jeg er en tidligere kunde, som da jeres ansatte i Jyske Bank på Gammel Kongevej 136. Frederiksberg 22 juni 2022. også løj, ved at sige jeg var en tidligere kunde.

Jyske Bank by Lars Stensgaard Mørch and Anders

Christian Dam has no desire to talk to me, and refuses to ask me if I want to stop writing about the crime, Jyske Bank with help of the Danish government is behind, crime such as fraud and the use of forgery, which Jyske Bank has obtained with the aid of the Danish government's permission, to proceed fraud against the Jyske Bank's customers.

Jyske Bank could stop this here, but Lund Elmer Sandager's lawyers have emphasized that Jyske Bank does not want to, and that Denmark's second largest bank Jyske Bank is still pissing on the customers whom Jyske Bank is blatantly defrauding.

This is again a call, do some of you in the Jyske Bank group dare to answer, do you dare to review my evidence for your many crimes, which was done jointly also with the help of Lund Elmer Sandager lawyers and Lundgren's lawyers, or are you still afraid and hiding with your head in the ground.

You all know who I am, and I want to enter  
int

o dialogue with Jyske Bank, which  
unfortunately does not want to enter into  
dialogue with me, perhaps because the  
case here may deprive Jyske Bank of the  
right to conduct banking business in  
Denmark, in which case the Danish State  
will stop to cover up Jyske Bank's crime.

While you think about how afraid you are to talk to me, it's your  
own fault that I'm writing, you could solve your problems  
yourself and start by firing those who commit and continue  
fraud for Jyske Bank.

Happy New Year to you all.

Do you have anything you would like to add when I  
say that the Jyske Bank group, by means of  
several employees together in association, is  
behind cunning fraud, which you all know about, or  
have participated in or which you have covered up.  
which was carried out in collaboration with the  
Danish State, including the National Bank and the  
Financial Supervisory Authority and several  
employees of the Danish courts, I think you are  
afraid to answer, and this is the reason why you  
are all hiding.
