To the management of Jyske bank and your lawyers

OPEN LETTER.

Before I write to those I mention in this document, I again invite Jyske Bank to dialogue, this is not something Jyske Bank can stop without you talking to or with me.

Call me +4522227713. And now answer my many inquiries, several of which are shared here, in the [LINK](#).

This is a simple YES or NO question

Will JYSKE BANK please reply and confirm, that the Jyske Bank group does not care that I write about, and what I write to the actors in my diary www.banknyt.dk and other places, like here [LINK to Facebook](https://www.facebook.com/JyskeBank.dk). "https://www.facebook.com/JyskeBank.dk"

Yes, we don't care, and you can write as crazy as you want, everyone in the Jyske Bank group doesn't care, what you write, and who you write to.

Because we are all against you, and therefore you can do nothing except write.

Will JYSKE BANK please reply, and confirm that the Jyske Bank group is **not indifferent** to what I am writing about, and what I am writing to the actors in my diary www.banknyt.dk and other places, like here [LINK to Facebook](https://www.facebook.com/JyskeBank.dk). “https://www.facebook.com/JyskeBank.dk”

No, we want you to stop writing about Jyske Bank's offences.

And you should actually stop writing more, as everyone in the Jyske Bank group is very upset about what you write about the bank, and Jyske bank asks you not to write more, as it could damage the bank's reputation.

What was stated as fun has become serious and you should not ignore me anymore, and admit that I have written the truth in what I have written since 2015 / 2016 on the Jyske Bank cars.

Here you can see the advertisements as it started, ask yourselves why not a single one, dares to ask questions about my information.

I suspect that it is the Danish state, that has done everything to ensure that this does not come into the interest of the press.

It starts in November 2015, a customer of Jyske Bank sends this picture to the bank and asks if Brask Thomsen still lives in the bank, the bank replies that it is something that is getting under control.

As I write, there is a problem, and Jyske Bank can help solve it, but if you don't care, tell me, call me on +4522227713

I will stop writing, and stop sharing posts, and would also like, if you ask me very nicely, to stop parking right outside the door of Jyske Bank with advertisements for Jyske Bank's offences.

I will not stop for a second until CEO Anders Christian Dam wants it, and until today the bank's manager has only shown his indifference.

And then I ask again, what did Jyske Bank mean with their letter to the corrupt Lundgren's lawyers, see the letter of 1 February 2019. I was really scared when I saw the letter for the first time, when I got hold of a copy on 2 October 2019.

Elvagten Storkøbenhavn ApS har den 28. januar 2019 indsendt et brev til samtlige direktions-
medlemmer og bestyrelsesmedlemmer i Jyske Bank A/S, hvilket din klient tillige tidligere har
gjort. I brevet fremsættes der igen anklager om: "svig/bedrageri/dokumentfalsk/udnyttelse
misbrug af forældede fuldmagter uden for dets begrænsning/skulte bilag for at skuffe i retsfor-
hold lojet for retten ved at skrive usandt i retsforhold...". Banken vil besvare brevet direkte
overfor Elvagten Storkøbenhavn ApS.

Min klient har konstateret, at brevet af 28. januar 2019 er fremsendt af Elvagten Storkøbenhavn
ApS og ikke af Storbjerg Erhverv ApS, som er sagsøger i den verserende sag. Efter at have un-
dersøgt forholdet viser det sig, at Storbjerg Erhverv ApS er under tvangsopløsning og således
uden ledelse.

Det er kritisabelt, at hverken retten eller undertegnede bliver orienteret om, at sagsøger i sagen
er under tvangsopløsning og således uden bemyndigelse til at fremsende processkrifter til retten.

Det er bekendt med, at Carsten Skaarup over en årrække har fremsat grundløse grove beskyld-
ninger mod banken blandt andet via hjemmesiden www.banknyt.dk og via Facebook, som alle
relaterer sig til den renteswapaftale, som Storbjerg Erhverv ApS indgik i 2008.

Udover brevet til bankens direktion og bestyrelse har Carsten Skaarup fremsat beskyldninger
mod hervedende advokatkontor, har under undertegnede og advokat Henrik Hopner. Sidstnævnte
er inddraget i sagen, fordi denne beskæftiger sig med strafferet. Der er tale om absurde beskyld-
ninger, som tillige udgør strafbare forhold overfor advokatfirmaet og de nævnte advokater.

And I have written to the government since April 2019.

are you completely healthy, or is it as they at Denmark's

This is Warning against Denmark, about the corruption used between banks and lawyers, to undermine legal certainty in Denmark.

And I'm obviously the only one who wants it to come out, and if I don't say anything, Denmark will only become more corrupt.

I am not naive, and I know that I cannot stop corruption in the Danish State alone, therefore I need your help to share my many information about the Danish criminal bank, and in particular information about the Danish Prime Minister, Mette Frederiksen there refuses to launch an investigation into the corruption, that the Prime Minister herself is instrumental in covering up, by ignoring all my meeting requests, as I want to present documentation to the government, about Jyske Bank's extensive offenses.

Would you for me to contact the Danish Prime Minister stm@stm.dk, and say that I want to have a meeting with the Minister Mette Frederiksen, regarding Jyske Bank's organized crime.

Read what I write, and if you have any questions or corrections, call me +4522227713.

WELCOME TO MY STORY ABOUT CORRUPTION AND BRIBERY BETWEEN LARGE DANISH COMPANIES. IN WHICH THE GOVERNMENT, TOGETHER WITH SEVERAL JUDGES AND LAWYERS, ARE DIRECTLY PARTICIPATING IN, BY INDIVIDUALLY COVERING UP THE LAW VIOLATIONS THE SECOND BIGGEST DANISH BANK IS BEHIND.

This is a WARNING against some of the largest Danish criminal companies as the Danish Bank JYSKE BANK.

Perhaps Denmark's biggest scandal ever.

Extensive cronyism and corruption among Danish lawyers is a direct violation of the principles of legal certainty, and not a single one wants to stop it.

A battle between the Danish authorities and the government leads against the people, to deprive the individual of the right to self-determination, and the deprivation of the right to a fair trial. Which the Danish authorities are behind to cover up that Jyske Bank has committed organized fraud and that Jyske Bank in this connection bribed Lundgren's lawyers so that they could not present the client's allegations against Jyske Bank for the many criminal offenses that can deprive Jyske Bank the right to conduct financial business in Denmark.

Was it deliberate or a mistake when Dan the Danish State at the government chose to do subversive activities to cover up Jyske Bank's crimes against the small customer, which here tells about the problem of cronyism and corruption deep into the Danish authorities.

The Danske Bank Jyske Bank in Helsingør Denmark where the fraud against the bank's customer began back in 2008/2009 and with the help of Jyske Bank's branch at Vesterbrogade in Copenhagen

Again Carsten says you should just call me and book me for a meeting, because there is something I want to talk to you all about, and that is corruption in Denmark, which you seem to be a part of.

Who is behind the subversive business in Denmark, when lawyers and judges, together with the authorities, deprive the population of legal certainty, in the fight to protect Jyske Bank, i.e. to cover up Jyske Bank's crimes.

There is 100% agreement among the participating lawyers and judges, a client who hires a lawyer does not have the right to decide on his own trial, and it is no violation of good legal practice when Danish lawyers hide several pleadings from their client.

The bar association covers up their corrupt members who, as Lundgren's lawyers, have been bribed by Jyske Bank.

So in Danish, these members of the dirty gang have dishonorably decided that no client has any right whatsoever to see what their lawyers present in their own trial, in that way they cover up the most rotten lawyers of their gang.

Who has really contributed to Jyske Bank's fraud, either actively or by passively covering up the crimes and where they work, in the upcoming advertisements on the cars I will share this information.

In the Danish Bar Council there is full agreement that.

It is not a breach of good legal practice when Danish lawyers hide and withhold one or more pleadings from their own clients.

And the Bar Council emphasizes, that it is not the clients who decide on the case they have hired a lawyer to present, it is only the lawyer who decides on the client's case, and this lawyer does not need to tell the client, what the law firm does, nor tell the client that also the other party in a fraud case, has given the same law firm a large million task.

Press release. banking news is become a news newspaper about Danish banks and lawyers, and their power in Danish society. If you have any questions, contact the editors by email here Banknyt@gmail.com or here Bankingnews.press@gmail.com

The Danish State by the government and the Prime Minister Mette Frederiksen, can't stop the advertisements about Jyske Bank's organized crime, therefore the parliament chooses to keep their mouths shut, because it matters to the Danish State that safe Jyske Bank's survival comes before legal certainty.

Be careful which Danish authorities and companies you work with, and remember that there are criminal or corrupt employees among the Danish law firms and among judges and the other authorities, who are all parties to cover up the crimes of the criminal Jyske Bank, all the mentioned have chosen to oppose justice by doing subversive activities against legal certainty, it is about the actors maintaining power and the right to cover up their criminal friends.

Jyske Bank has not ruled on the email yesterday 20 June, therefore I have sent a new email to Jyske Bank A/S, more if the organization has not understood the earlier emails.

Eftertænk som.

Read the mail 24 juni 2023. to the Danish government Mette Frederiksen and to Jyske Bank A/S.

Since Jyske Bank did not respond to my inquiries, and the Danish Parliament, through Prime Minister Mette Frederiksen, has continued to choose, to ignore my many inquiries, in order to cover up Jyske Bank's many violations of the law, several of which are criminal offences.

And the government then leaves it up to the offender for a criminal act which, as here was carried out by a several of the same in association, more precisely, an offense carried out by Denmark's second largest bank "JYSKE BANK", thus the governing parties have decided that it is the victims of Danske banks' crimes against their customers, who have to fend for themselves, as Danish banks are under political protection.

In doing so, the Danish government is helping to undermine legal security for the Danish population, since the state puts the financial interests of Denmark's second largest bank, above the people's right to be able to achieve justice in a society ruled by corruption. "cronyism and nepotism far into Parliament."

The legal community under the Ministry of Justice has also decided and deliberately helped to deprive the Danish people of the right to decide for themselves about their own legal proceedings.

That is while THE DANISH STATE CONSCIOUSLY AND DISHONORABLE CONTINUES TO COVER UP ORGANIZATIONS WHICH, LIKE JYSKE BANK ARE BEHIND A MILLION FRAUD.

I again bring up the problem of corruption / cronyism among judges, Danish lawyers and the government.

And if the Danish press for the editors-in-chief is not allowed to write about the problem of corruption among judges and lawyers in Denmark, then someone else must do it.

And that has become my task, because if I don't write about the corrupt judges and lawyers in Denmark, no one will.

Please read my emails and messages and initiate an impartial investigation of my many accusations against Jyske Bank and against the Danish State for covering up Jyske Bank's offences.

A concerned citizen who wants the Danish state to start fighting corruption in Denmark from within.

Remember that dialogue promotes understanding, and we also avoid misunderstandings if there are some of you who believe that Jyske Bank has not violated a single law or regulation.

If anyone thinks I'm wrong about anything, speak up, because silence is no way to get the truth out.
